Ike Appeals For Action

Asks Support Of His Defense, Aid And Trade Programs To Capture Congress

Washington (AP)—President Eisenhower said Tuesday night vigorous Republican support of his controversial defense reorganization, foreign aid and world trade programs offers a way for the party to capture control of Congress.

Addressing applauding GOP members of the House and Senate, the President said prospects for taking over control from the Democrats in the November elections are bright. He stressed a need for vigorous leadership to meet the Communist threat "in a situation of balanced terror in the world."

As for the political campaign, Eisenhower pledged his support to every GOP congressional candidate "who carried forward the never ending fight for peace, for security, for sound, sane and

progressive government in America."

At no point did Eisenhower specifically say he would reserve his support for those who backed such administration projects as the Pentagon reorganization, world trade and foreign aid programs. But there was speculation that he had in mind such a reservation.

In his speech, also carried nationwide on television and radio, the President appealed for action on those programs without regard for party labels.

Support Will Help

But he said support of the 3 programs will increase the Republican party's strength throughout the country.

Eisenhower was interrupted by applause 22 times by his audience of GOP Congress members. He also got a hearty ovation at the start and conclusion of his 30-minute address.

In advance of his talk, the party's other leaders predicted victory in November provided there is much hard work.

Meade Alcorn, the GOP national chairman, got a round of applause in asserting "not one single seat in the Senate or the House will be conceded by the Republican party." Last month Alcorn drew some party criticism in saying it was just not in the cards at that time for the Republicans to capture control of the Senate.

Senate Republican leader William F. Knowland of California said at the dinner he is convinced the party has "the makings of a tremendous victory" in November.

And House GOP leader Joseph W. Martin Jr. told his cheering colleagues "we are going to win, not only a Republican House but a Republican Senate as well."

MITE WARMER IS EXPECTED ON WEDNESDAY

Slightly warmer temperatures are forecast for Wednesday.

Highs over Nebraska are expected to be in the 73 to 83 degree range.

Tuesday's high was 79 reported at Scottsbluff, Lincoln had a high of 69.

Scattered thundershowers are predicted for central and western areas Wednesday and Wednesday night.

Some thunderstorms were reported in the Scottsbluff area Tuesday afternoon.

Chadron, Imperial and North Platte recorded the state's low Tuesday, 38.

Soil moisture conditions in Nebraska wheat growing area at present indicate more water available for plant development in 1958 than in any previous year on record.

According to the State-Federal Division of Agriculture Statistics, the plentiful moisture supply is a result of timely fall rains, heavy snow in the winter and general spring rains which have occurred over most of the state.

An average of 6.06 inches

... Starkweather Statement Claims

A Long, Lonely Walk For Mother Of Accused

Mrs. Guy Starkweather, mother of the 19-year-old youth on trial for first degree murder, walks slowly toward the County Courthouse where she will sit by her son during the proceedings. Bystanders mirror the attitudes of curiosity, disdain and indifference which this slender red-haired woman faces in the courtroom where her son faces

a possible death sentence. Most of the onlookers are gathered awaiting the arrival of Charles Starkweather who enters the north courthouse door handcuffed to a waist belt and chained to Sheriff Merle Karnopp and accompanied by 5 or 6 sheriff's deputies and state patrolmen. (Star Photo.)

Ike Aide For Halt On Tests

... Advisor Testifies

Washington (AP)—A member of President Eisenhower's Science Advisory Committee has told senators it would be "very considerably to our advantage" to reach an agreement with Russia suspending nuclear weapons testing.

Dr. Hans Bethe, professor of physics at Cornell, said if testing continues "then they will surely attain the same capability as we" and that it is simple logic to "stop when you know that you are still ahead."

His views, in sharp conflict with those of chairman Lewis E. Strauss of the Atomic Energy Commission and Dr. Edward Teller, a developer of the H-bomb, were pointed up in testimony made public by the Senate's Special Disarmament subcommittee.

Strauss challenged Bethe's position at a secret session of the committee April 17. Some of Bethe's testimony became known at that time.

'Validity'

Strauss said that on "matters of judgment" his position had as "much validity" as Bethe's and reiterated his belief that test suspension at this time would be a disadvantage to the United States.

Bethe testified he does favor completing the present U.S. tests and then getting an enforceable suspension agreement.

"I would say, however, that I would be in favor of starting negotiations on such an agreement earlier, but not to stop our present series," he added.

But Strauss, under questioning by Sen. Alexander Wiley (R-Wis.), said he did not agree that they should be halted even after the Pacific tests are completed.

"It would be a disadvantage to the defenders to stop their production and development of defense weapons," Strauss said, "because they have to be more sophisticated than the weapons of attack."

Omaha Teachers Seek Kline Ouster

By Bare Bayley

The Omaha Education Assn., long at odds with the Nebraska State Education Assn. on the proposed broadening of the tax base, voted overwhelmingly Tuesday in favor of replacing the present NSEA executive secretary, Donald F. Kline of Lincoln.

Frank Heinisch, executive secretary of the Omaha group, told The Star by phone early Wednesday that the vote for ousting Kline was "8 or 9 to 1."

The written vote was taken Tuesday as part of the OEA's annual meeting.

Heinisch said there were two parts to the questionnaire sent the some 1,200 Omaha teachers. The first dealt with Kline and the second asked whether the teachers favored continuing membership in the NSEA.

About a "50-50 split" on withdrawal from the NSEA was reported by Heinisch. Since the OEA board had previously decided that 90% must favor withdrawal before any action would be taken, Heinisch said, the OEA will remain in the NSEA.

He emphasized, however, that the Omahans would do everything possible from within the state organization to unseat Kline.

Kline, reached at home ear-

ly Wednesday, said he had not heard of the Omaha action but that: "We have known for some time that Omaha was dissatisfied with the NSEA position on broadening the tax base."

"It is natural for them to oppose the association in every honorable way. I prefer their opposition to me as an

individual rather than theirs to their professional association."

The NSEA favors a proposal to broaden the tax base.

A 14,000-member organization, the NSEA names its executive secretary through an executive committee. Representatives of the group's various districts make up the executive committee.

DiSalle, O'Neill Win Ohio Vote

... Take Governor Nomination

By The Associated Press

Incumbent Republican Governor C. William O'Neill and Democrat Michael V. DiSalle, former Toledo mayor and federal price stabilizer were picked by Ohio voters to stage a rematch of their 1956 race for the state's governorship.

With 4,976 of the state's 12,499 polling places counted, O'Neill had 128,778 votes to 75,988 for Charles P. Taft, brother of the late Sen. Robert A. Taft. Taft conceded defeat saying: "I am surprised and pleased at the vote. The governor has my best wishes."

DiSalle's lead for the Democratic nomination in the ultra light primary assumed unbeatable proportions. The count near the half-way mark he led his nearest opponent, Cleveland Mayor Anthony J. Celebrezze by more than 2 to 1.

In a listless Indiana primary, the state is 11 incumbent congressmen had wrapped up their parties' nominations.

In the third primary election, the counting in Alabama proceeded more slowly.

Returns from 586 of the state's 3,261 precincts in the Democratic gubernatorial contest gave Attorney Gen. John Patterson 30,221; Judge George Wallace, 27,285, and Jimmy Faulkner, a newspaper editor, 17,751.

Run-Off

A run-off by the 2 top men in June seemed assured.

In the state's hot contest for control of Democratic party machinery, candidates opposing a pledge to support the 1960 Democratic presidential nominee regardless of his state on racial issues were leading in Mobile and Birmingham. Early Results, however, were inconclusive.

Bad weather kept many voters away from the polls in the 2 northern states. But rain failed to prevent a big turnout in the Alabama Demo-

Permanent Basis

Moscow (AP)—The Tchaikovsky International Music Festival this spring was such a success the Soviet government has decided to hold one every 4 years. Titleholders are Texan Van Cliburn for piano, Russian Valeri Klimov for violin.

D. Crosby Is Tagged A Father

Las Vegas, Nev. (AP)—Dennis Crosby, who married a showgirl on the spur of the moment Sunday, was reported Tuesday to be the father of a girl born last November to a Hollywood beauty.

The 23-year-old son of crooner Bing Crosby refused to comment on a copyrighted story in the Los Angeles Herald-Express which said the mother is Mrs. Marilyn Scott, 25, a brunette beauty who

Denise Marilyn

came here 7 years ago from Kentucky to seek a movie career.

Dennis is honeymooning with Pat Sheehan, 26, who is appearing nightly at a casino in this gambling resort.

In Hollywood, both the Herald-Express and the Mirror-News quoted Mrs. Scott as saying Dennis is the father of Denise Michelle Scott, born last Nov. 24 at Cedars of Lebanon Hospital in Los Angeles.

The Herald-Express said Mrs. Scott is a divorcee who came here from Hillsboro, Ky.

The paper's story quoted her:

"When I first told him I was pregnant, he made no offer to marry me—nor did he offer to support the baby. So I went to an attorney. The attorney took care of everything."

"The Crosbys have been fair and square with me. The support Dennis is paying is enough."

Opinion Surprises Chancellor Hardin

The opinion of the Attorney General that some new legislation would be needed to establish a continuing education center at North Platte caught University of Nebraska Chancellor Clifford Hardin by surprise.

Tuesday night he said he doesn't "have the slightest idea" what steps will be taken next. Any action, he said, would be deferred until he meets with the Board of Regents.

(See story on the ruling on Page 6.)

Prisoner Hints Girl's Shotgun Persuaded Him

Defense Attorneys Release Portion Of Youth's Post-Arrest Story

By Del Harding

Killer Charles Starkweather was quoted Tuesday afternoon by his defense attorneys as saying he wanted to give himself up after the 5th and 6th slayings of his January murder rampage but that he was talked out of it by his girl friend.

Attorneys T. Clement Gaughan and William F. Matschullat said the statement was contained in a signed statement which Starkweather gave county authorities following his arrest. Starkweather was quoted as saying 14-year-old Caril Fugate tried to talk him out of giving up and that he finally agreed with her.

Starkweather hints in the statement that he changed his mind because Caril had a .410 shotgun on her lap, although he said she did not point it at him.

Starkweather's father, Guy Starkweather of 3025 N. had told The Star several weeks ago that his 19-year-old son had wanted to give himself up after the deaths of Robert Jensen, 17, and Carol King, 16, both of Bennet, but that Caril Fugate disagreed and Charles was afraid to press the point because she also had a gun.

But until Tuesday's after-court disclosure the persons connected with the case had refused to comment on the story.

'Helped Guard Pair'

In another part of the statement released by the court-appointed defense attorneys, Starkweather is quoted as saying that Caril Fugate had helped him guard Jensen and Miss King while in the Jensen car en route to the school cellar where the 2 Bennet students later were fatally shot.

The talk of giving up, Gaughan said, came after Jensen and Miss King had been killed and Starkweather and Caril were driving back towards Lincoln on State 2. They were arguing, according to the statement, but Gaughan declined to say why.

Here is the text of the parts of Starkweather's statement as released by Gaughan and Matschullat (the first part deals with events while in the Jensen car en route to the storm cellar and the second part with the ride into Lincoln):

Question: Did Caril (Fugate) have any weapon?

Answer: Yes, she was watching him (Jensen) with a .410 (shotgun).

Q. Did Caril have the .410 in her hand at all times (that) you were in the car with the boy and girl (Jensen and Carol King)?

A. Yes.

Q. Was she holding the gun on them or any of them or either of them?

A. Well, it was pointing at them—it was pointing forward (Jensen and Miss King reportedly were in the front seat of the Jensen car and Starkweather and Caril Fugate in the rear seat).

Q. So that you got out of the car and Caril (Fugate) got out of the car?

A. No, Caril stayed in the car.

(The rest of the statement deals with the events in the Jensen car after the deaths of Jensen and Miss King and during the drive into Lincoln.)

the highway and I told her I was going to go and give myself up and she said no, I wouldn't (sic).

Q. And what did you say?

A. I said yes I was.

Q. Then how did it end up?

A. When you've got the .410 setting there I wasn't going to do it.

Q. What do you mean the .410—did she point it at you?

A. No, it was sitting across her lap and she said she wasn't going to give up and she wasn't going to let anybody stand in the way of her (not) giving up and I thought that was good enough for me.

Q. Did you have any conversation with her about taking her back home (to 924 Belmont)?

A. No.

Selection Of Jury Lagging

May Not Finish Wednesday

Eighteen prospective jurors for the Charles Starkweather murder case jury panel were selected Tuesday and the task of finding another 16 acceptable to both the defense and prosecution to round out the 34-member panel is expected to be completed by the end of Wednesday's session.

The selection of the panel, however, could easily run into Thursday morning. Opening statements by both sides probably will not begin until late Thursday afternoon.

Ten women and 8 men were approved Tuesday by both Co. Atty. Elmer Scheele and defense attorney T. Clement Gaughan. But the total of 34 prospective jurors is necessary because the prosecution and defense will be allowed a total of 22 peremptory challenges.

If all the challenges are used this would reduce the 34-member panel to 12 members, and these would then hear the case.

14 Excused

Fourteen prospective jurors were excused Tuesday for cause by Judge Harry A. Spencer and one was excused for health reasons. This brings to 37 the 2-day total of prospective jurors excused, 36 of them for "cause" (having fixed beliefs on Starkweather's guilt or for being opposed to capital punishment).

Gaughan will begin questioning the 72nd prospective juror in the case when the Lancaster District Court proceedings open Wednesday. He has yet to question 16 persons approved Monday by Scheele, and doubtless some of these will be excused.

Gaughan's Tuesday questioning centered mostly about the defense of insanity which will be used by Starkweather's attorneys. A typical one (Continued on Page 2, Col. 1)

Today's Chuckle

Who said recession: This is just a lull between two booms.

2-1 You Couldn't Sit On Starkweather's Jury!

By Nancy Benjamin
Could you be a juror trying to convict Charles Starkweather for the murder of a teenage Bennet, Neb. youth?
The odds are 2 to 1 against it.

Two days of questioning prospective jurors brought out what qualities the state and defense attorneys are trying to find in their final panel members.
As defense attorney T. Clement Gaughan quizzed po-

tential jurors even more intensively than had County Attorney Elmer Scheele, many who felt themselves "impartial" under first questioning, faltered and admitted their judgment would probably be colored by their conviction that Charles Starkweather was a mass killer. If you were being tried for murder, would you want a person such as yourself sitting on the jury? This was one query of the defense attorney.

Jurors Questioned ... Asked About 'Diseased Mind'

(Continued from Page One.)
was "If the state does not prove to you beyond a reasonable doubt that Starkweather is sane would you hesitate to return a verdict of innocent by reason of insanity?"

Asked About Insanity
Gaughan also questioned the prospective jurors closely as to whether bringing in an innocent by reason of insanity verdict would cause them any embarrassment and if so would they hesitate to bring in such a verdict.
"Or," Gaughan often asked, "if you were not convinced by the evidence that Starkweather is insane but you did believe he has a diseased and defective mind, would you take this into consideration as to mitigation of the sentence if the judge so instructed you?" The general response was that the jurors would if so instructed.

These questions seemed to hint strongly that should the attempt to prove the redhead insane fail a plea will be made to spare his life because of his alleged subnormal intelligence. The repeated references to insanity and "diseased mind" evoked no particular reaction from Starkweather himself, although he reportedly opposes such a defense.

Gaughan asked one juror, "Did you ever say this boy ought to be hanged or they ought to shoot him or burn him?" The man hesitated, then replied that it was "not improbable" that he had said something similar. He was immediately excused.

Publicity Blamed
Judge Spencer at the morning session blamed widespread publicity given the Starkweather crime spree for the difficulty in selecting unbiased jury members.
"The unfortunate tendency at the present time," he declared, "is that our news media have reached such efficiency that in a capital case it is nearly impossible to

hear nothing about the case." The day could come, he said, when news media exert such influence on public opinion that "we will no longer have fair trials."

"Unless a prospective juror is able to lay aside opinions he may have formed as the result of what he may have read or heard in and from news media," Judge Spencer continued, "the constitutional guarantee of trial by an impartial jury becomes meaningless."

Here is the list of the 18 prospective jurors who have been accepted for possible service by both the defense and the prosecution:
Mrs. Mildred Fagerberg, 3401 Pawnee.
Mrs. George McDonald, Rt. 6.
Robert A. Wittrock Sr., 3100 R.
Clarence A. Nelson, 3245 So. 54th.

John Svoboda, 6104 Kearney.
Miss Lottis Nicholas, 643 So. 14th.

Part-Time Probation Officer Asked

A part-time adult probation officer to handle county court investigations and cases was requested Tuesday by Judge Herbert A. Ronin.
Judge Ronin told County Commissioners that his docket handled 807 cases in 1957, 175 involving felonies and major misdemeanors, and the rest mainly concerned with misdemeanors involving "moral turpitude."

For the past month, he explained, the adult probation officer has been too busy to handle county court cases because of the increasing load in district courts.

Judge Ronin estimated that about 50 investigations yearly would be the work load of the county court for an adult probation officer. He added that the case load of the court was running above last year's figures.

The commissioners formally received the judge's request and promised him further action on the matter.

VALOR AWARD IS MADE TO MRS. KUSHNER

Mrs. Max Kushner was presented the Woman of Valor Award by the Women's League of Tifereth Israel Synagogue.
The award, which is made annually, is given as a tribute to some woman who is outstanding in the community as well as the League.
Mrs. Kushner is a volunteer worker at both the Lincoln General and State Hospitals, a member of Hadassah and Eastern Star and the mother of 4 sons and a daughter.

'City Attorneys' Look Over Their Jobs

Three young "city attorneys," who visited City Hall as part of "City Government Day" Tuesday, are shown the tools of their trade by Helen Stein, office manager of the City Legal Department. The students are (left to right) Mike Culwell, Northeast; Jean Probasco, Irving; Janet Becker, Southeast, and Miss Stein. (Star Photo).

Youths Take City's Reins

Forty-eight junior high school students "took over the reins" at City Hall Tuesday as part of the 2nd annual "City Government Day."

Elected by their classmates from 6 schools, the 9th graders met their City Hall counterparts and observed municipal operations first-hand. The day was climaxed by a luncheon attended by the students and city officials. Student reports on the morning's activities followed. The student elections and a visit to City Hall climaxed 9th grade social studies on city government.

Bartholomew County Plan Is Outlined

Lancaster County commissioners formally received the outline of Harlan Bartholomew & Associates plan to extend the present comprehensive city plan to encompass all of Lancaster County, and perennial protestor Leo Bartunek appeared to protest it.

The Bartholomew firm estimated the county study cost at \$11,000. The plan which would include zoning, land use study, and population growth statistics, would take 9 months to complete, and probably another 9 months for public hearings and revisions.

Commissioner Del Lienemann told the county board that "affirmative action on this should be taken within the next week or 2 because of its importance to the joint city-county planning board" now being considered.

Lienemann, along with City Councilman C. W. D. Kinsey, and Robert Guenzel of the City Planning Commission, have been appointed to co-ordinate the forming of a single group to consider both city and county zoning matters.

Bartunek, when questioned about his reason for opposing the county survey said he fears it would stall future industrial development and urged the commissioners "to proceed with extreme caution."

6,500 Have Paid City Vehicle Tax -Including Some Not Required To

By Virgil Falloon
Some 6,500 have paid the city vehicle tax for street improvements — including a number of persons and firms who legally didn't have to pay.

City Treasurer Frank Miller estimated Tuesday that 6,500 to 7,500 tax remittances have been received, about 3 out of 4 by mail, since the levy became effective last Thursday. Some 45,000 statements were mailed out.

Several firms, outside the city limits, have "voluntarily" paid the tax on their vehicles which regularly or partially operate in the city, though not subject to the levy, according to City Co-ordinator James Mallon.

Favors Program

The H. P. Lau Co., wholesale grocers, paid the tax on 4 units using the city streets because the company favors the street improvement program.

Ford Van Lines Inc., paid \$110 on 15 units which regularly, or partially, are used in the city.

While the company is located outside the city limits, Executive Director Ray Osborn said in a letter that "we use the streets and feel we should do our part to help keep them up."

A Lincoln-based Navy officer has also volunteered the \$5 tax on his car with a note: "In my judgment, Lincoln streets need immediate attention—this is the city's most glaring deficiency."

Military personnel are not subject to the vehicle tax because of federal laws, according to the city attorney. Also, the officer is living outside the city limits.

Another voluntary payment was made by a state official, who works in Lincoln but is a non-county resident. He requested the city accept

the payment in the interests of better streets.

Other taxpayers have included complimentary notes with their payments. Few complaints have been received.

"I am glad to pay this tax to get our streets modernized," said one.

Another wrote: "I feel that the wheel tax is a fair way

to collect more revenue for street improvements. I have faith it will be used with good judgment."

"I am happy to pay this tax for needed street improvements," one person wrote, "and I believe the vast majority of Lincolmites feel the same way."

'A Griper'
One businessman wrote: "Of course I want better streets, but if it's only \$10 on large trucks, I will be a griper. If it comes to a ballot, we should have those answers."

Some persons have asked their payment be marked "paid under protest" because of the pending District Court case on the referendum petitions for repeal of the levy.

Several said they were willing to pay the tax, but merely wanted to preserve legal rights for a refund if the tax is later declared illegal.

However, City Atty. Ralph Nelson has pointed out that the payments would be refundable if a court decision adversely affected the levy. Equities in the matter will be preserved without individual actions, he said.

Church Aid To Browns Is Praised

The Lincoln District of the Methodist Church commended Rev. Bruce Gideon and the Havelock Methodist Church, of which he is pastor, for "their attitude in the recent incident involving the Sherman Brown family."

The Havelock Church aided the Browns, a negro family living in an all white neighborhood, after their home was burned.

Dates were set at the meeting for the church's 2 youth camps.

The intermediate age camp will be held at Camp Jefferson, near Fairbury, June 16 to 20 and again August 11-16.

The senior high camp will be held June 22 to 27 at Camp Comeca at Cozad.

The Frank Marsh family of 2701 So. 34th was selected to represent the Lincoln district in the Together magazine Family of the Year contest.

About 150 attended the conference held at the Trinity Methodist church.

Bonn Visitor

Bonn — Turkish President Celal Bayer arrives Wednesday for a state visit. He is the first Turkish chief executive to make such a trip to Germany since Turkey became a republic in 1923.

"Reach for a telephone instead of an aspirin"

It's pretty good advice, as thousands who have taken it to prevent financial heartaches can testify. But like all preventive medicine, to do any good it has to be acted upon in time.

Asphyxiation Victims Said In Good Condition

Three Lincoln persons who were asphyxiated late Saturday while cooking pork chops on a charcoal broiler are reported in good condition and improving steadily in a Lincoln hospital.

Mr. and Mrs. M. A. Derieg of 1115 No. 24th were found Sunday afternoon in their garage by his brother G. E. Derieg of 1109 No. 24th, police reported.

Attention was attracted to the plight of the 3 when the third victim, Hazel Warner of 2323 Orchard, who apparently found her way out, was seen wandering in the backyard of 1115 No. 24th in a dazed condition, police said.

None of them knew what had happened or how it happened, the attending physician reported.

House Demo Chief Backs Ike Reorganization Plan

Urges Okay By Congress

Washington (AP) — Rep. Clarence Cannon (D-Mo.), one of the most influential House leaders endorsed without qualification President Eisenhower's plan to overhaul the military high command. He urged Congress to approve it as soon as possible to end the "insane bickering between the services."

Cannon, a dollar-conscious man as chairman of the House Appropriations Committee, said the plan would eliminate costly overlapping and duplication. And he belittled fears that the way would be opened for a future dictator to merge or abolish the services without restraint.

"No substantial changes will be possible without the tacit or explicit approval of Congress," Cannon told the House. He added that Congress, through its control of appropriations, could prevent any abuse of powers.

The President's plan basically would give the Secretary of Defense and the joint chiefs of staff more direct control over the separate services.

'Reasonable'

Cannon called Eisenhower's plan a "reasonable, sensible, long-delayed, much-needed revision." He said there should be "no compromise," a phrase used by Eisenhower himself in saying he would not yield on essentials of his plan.

At one point Cannon had harsh words for "the obtuse admirals" who criticized the plan—he did not name them. He said Eisenhower "is a general and I take off my hat to him with heartfelt alacrity."

"It is high time we put an end to this insane bickering between the services and eliminate billions of waste and begin to develop sufficient military strength to keep us out of war," Cannon said.

The House gave Cannon a standing ovation after his 50-minute speech. His firm stand behind the plan brought into sharp focus the extreme differences among Democratic leaders in the House. Chairman Carl Vinson (D-Ga.) of the Armed Services Committee is the leader of vigorous opponents of the reorganization plan.

After Cannon spoke Rep. John Taber of New York, top Republican on the Appropriations Committee, called it "a magnificent speech."

Brown Home Arson Probe To Slacken

Investigation of arson at the Sherman Brown home last April 12 is about to end as a full-time effort, Police Chief Joe Carroll indicated Tuesday.

Carroll said that unless something breaks, the department will pull some of its men off the case.

No new important leads of information concerning the fire at the 4210 No. 60th home have been learned, he said.

Only Brown has taken a lie detector test. Two Havelock residents refused to take the test because they said they were receiving unfair publicity from news media and Lincoln churches.

Washington County Reports Diphtheria Case

The State Health Department reported one diphtheria case, from Washington County, was registered during the past week, bringing to 7 the number of diphtheria cases recorded in Nebraska during the year.

Three diphtheria cases were registered with the department at this time last year. The department also said one animal rabies case, a skunk, was reported from Keith County, bringing to 7 the number of animal rabies cases reported during the year, and compared to 13 reported at this time last year.

ANNUAL TEEN-AGE ROAD-E-O GETS UNDERWAY WITH 45 ENTRIES

The annual Junior Chamber of Commerce sponsored Teen-Age Road-E-O, designed to improve driving habits of teenagers, got underway Tuesday night as more than 45 Lincoln high school students took written tests to determine their driving IQ.

The tests, which included state laws and general driving intelligence questions, was a preliminary to actual competition, slated for Sunday, May 18.

Boys and girls, from ages 16-20, will represent Lincoln's public high schools and community centers in drive-off competition at Gold's parking lot, 11th and N, from 2-5 p.m.

Students will drive new cars, furnished by local new-car agencies, in tests that include: ability to drive in a prescribed course; backing-up in a straight line; stopping at a prescribed mark; and parallel parking.

Trophies

Winners will be awarded trophies, and be given a chance to participate in an

upcoming state contest. The winner of the state contest is eligible to compete for national honors and a \$2,500 scholarship.

"The Road-E-O was designed to create safety training and constructive driving habits for teenagers," according to Dr. Robert Craig, head of the Jaycee's safety committee.

The program has been conducted for 6 years, according to Dr. Craig. In 1957, 210,000 teenagers participated in local, state and national competition throughout the U.S. The event is patterned after the National Truck Road-E-O.

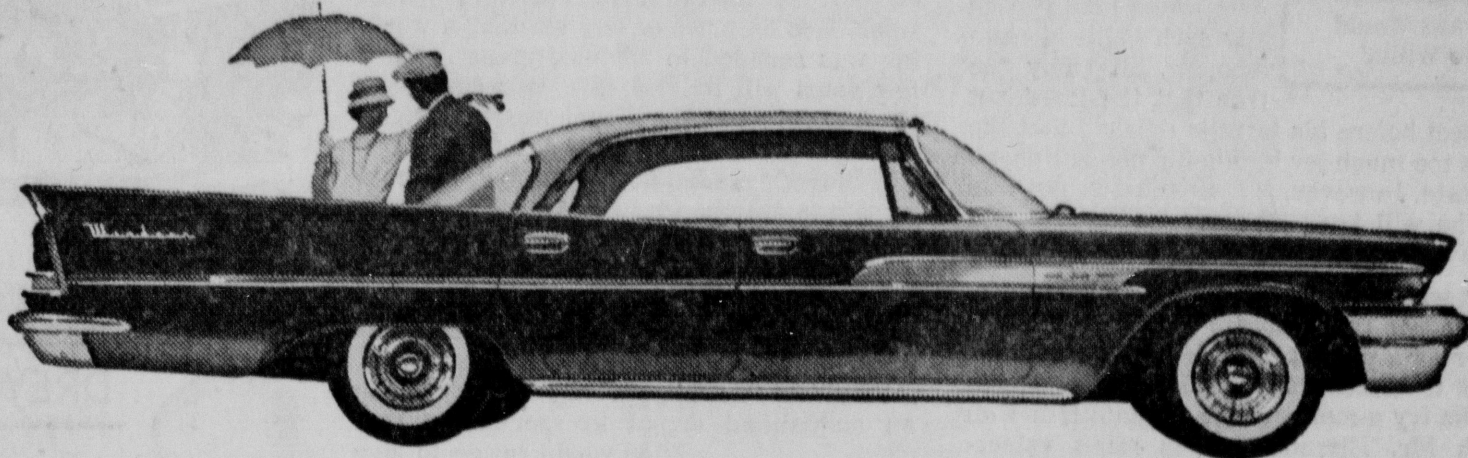

Cops Charged

Idaho Falls, Idaho (AP)—Seven members of the Idaho Falls police force were charged with burglary.

The 7 made up almost the entire night shift of the city's police force of more than 40 men. All 7 admitted they had participated in the looting of business firms and a model home.

ANNOUNCING THE NEW WINDSOR

DARTLINE

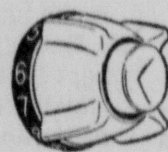

It's all Chrysler and you'll like the price!

New styling! New colors! The Windsor Dartline is a brilliant new Chrysler series—here just at the time of year you get the most enjoyment from driving a new car.

New low price! You can actually own this mighty Chrysler for only a few dollars a month more than most small cars!

More car for your money! Chrysler beauty, Chrysler comfort, Chrysler performance and precision engineering—this car has all the solid advances that make Chrysler cars last longer, cost less on upkeep. And the new Windsor Dartline is priced so low—it's easy to step up to Chrysler!

EXTRA!
AMAZING NEW
auto-pilot

A Chrysler engineering exclusive that patrols your speed... conserves gas... lets you cruise accelerator-free.

Nonsensical Speculation

By WILLIAM O. DOBLER

We have no torch burning for President Eisenhower but it seems as though there are some things about the President which would be just as well left unsaid. One such case is the statement by Democratic National Chairman Paul M. Butler that the President will resign prior to the 1960 national conventions so Vice President Nixon can take over the White House.

We have little doubt that Nixon would be a willing party to any such coup but we seriously doubt if the President would take part in any such political skulduggery. It may be true that the President will feel before his term is finished that the job is too much for him in his present physical state. However, it seems just as possible that he will have no such feeling and will serve out the remainder of his second term.

But whether he serves out his term or not, it does not seem fair to brand Mr. Eisenhower as a political quarterback. If Butler wants to criticize the President, we suggest that he try a number of legitimate issues on which Mr. Eisenhower has some vulnerability.

The important point is that the present two-term limitation on the presidency is already enough of a handicap. It has its advantages, to be sure, but it is a tool for the aspiring politicians who realize that they can fight the President at every turn and he will not be around to make life miserable later on.

To shorten the term of a president in the eyes of politicians and the general public even more than it already is by law is just compounding the problem. If it is believed that President Eisenhower is going to step out prior to 1960, then the politicians

could just start battling against him for position that much earlier.

The spreading of such stories, also, does not make life any easier in dealing with other nations. Other nations would be less likely to go along with proposals from this country if they felt that Nixon would be making his own set of proposals by 1960. The United States would be deprived of some of its bargaining strength if its policies lacked permanency.

If it should turn out that Mr. Butler is correct, it would seem that the nation would lose no more or less whether a warning was sounded in advance or not. Darn few votes will be cast this year simply on the basis of what Mr. Eisenhower is going to do about the remainder of his term.

If Butler's prediction comes true, it would be safe to assume that the American people could judge at the time the merits or shortcomings of any presidential resignation. It could be told much more authoritatively at the time it happened if the resignation was pure politics or the results of ill health.

President Eisenhower has already given an unqualified denial to speculation that he would resign to give Nixon the inside track at the 1960 nominating convention. Having gone on record with this statement, any reversal would speak loudly for itself. Butler, of course, is entitled to his opinion, as is the general public. Whether he is right or wrong is not of too much importance at this point.

Butler and the Democratic party will only hurt their own chances by raising issues in which nothing can be gained but a great deal can be lost. What could be gained politically from a presidential resignation would be the same whether it happened tomorrow or in 1960.

Times Have Changed

Nebraska cherishes its established practices. It is one way of making life simple and dependable.

However, it is a good idea periodically to re-examine traditional arrangements. They may have become a little moldy.

An example is the recent flare-up between Frank Morrison and Eugene O'Sullivan. Both are candidates for the Democratic nomination for U.S. senator. Morrison, a former McCook resident now lives in Lincoln. O'Sullivan is an Omahan.

Backers of O'Sullivan invoked a tradition that Omaha is entitled to one senatorship—a neat arrangement assuring Omaha of one always and the rest of Nebraska the other one, if he can make it.

Obviously this rattling of the political totem at this juncture could be interpreted to mean that Morrison is up to some kind of impropriety and should be ejected from the tribe.

This does not happen to be a totally Democratic hassle. Republicans are quiet on the

matter because they have an Omaha candidate, Senator Roman Hruska who wishes to be re-elected. They use the same totem when occasion demands.

And it is true, the Omaha claim has often been honored. However, its true merit calls for examination. Curiously the advocates of O'Sullivan point out Omaha's right as extending from the time Nebraska was a province partly held by the Union Pacific railroad and partly by the Burlington. A happy settlement gave the U.P. a senator from its Omaha headquarters and gave the other one to the Burlington in the principality south of the Platte. It was never made clear what senator, if any, the Nebraska people were to get.

That was several generations ago and times have changed. Nobody gives a railroad a senator any more. But urbanization has greatly increased the proportionate electing power of Omaha while the decline of the rural and small town outstate population has lessened outstate chances of regional representation.

Slow Down The Trains

An ordinance has been introduced to the City Council which would increase the speed limit of trains traveling through the city. The present limit of 18 miles an hour would go, as the ordinance now reads, to 30 miles per hour for freight trains and 35 for passenger trains.

The idea of the ordinance is not to speed up the travel of trains through the city, but rather to slow them down. To do this, the limit must be a realistic one that can be enforced. It is doubtful if the court would consider 18 miles an hour as reasonable in this day and age.

The ordinance brings up several good questions. One is the question of how train speed limits are enforced. Obviously, an officer cannot flag down a train and hand the engineer a ticket for speeding. However, a train can be clocked by radar and a ticket issued the engineer when he pulls into the depot and stops.

The next question, and more important, is

Positive Thinking

The effectiveness of positive thinking was never better illustrated than the recent reversal which is convincing the Nebraska farmer that he has struck it rich.

It was just a few months ago that he was quite sure his days were numbered.

He still has the water soaked corn and sorghum that is both hard to keep and hard to sell. He has by and large lower price supports and more productive land in the soil bank. He has all the problems he had six months ago. He also still has Agriculture Secretary Ezra Taft Benson. Just a few weeks ago this region was trying its utmost

to get him fired. Today he is emerging as somewhat of a wonder working hero. Basically agriculture is less well off than when the producer felt so desperately. But there is a feeling of prosperity in the air.

Grant that nature, not the administration, has contrived to produce wonderful 1958 crop prospects. That always is a lifting factor as far as the planter is concerned. Fed steers and hogs are commanding a better price in the market. But they are also costing the feeder more, and it is a question whether his markup is better than when the market was lower. The rest of the phenomenon is the result of a resolute adventure by the political ins to talk agriculture out of its unhappiness despite cold facts. That's positive thinking.

It is sober advice at this moment to tell agriculture not to get carried away by illusions of wealth. It is a good moment to take a glance at the mortgage and also to ask oneself, "If I am so rich why do I not have a bigger bank account?"

Actually Mr. Benson has not succeeded in even one of his major objectives. He has failed to reduce the national surpluses. He has failed to reduce the public outlay for his farm program and he has not found parity for the farmer in the marketplace.

It is the proper time to review his own department's figures. In 1952 his administration cost the taxpayer \$796 million. His requirement for 1958 is \$1,729 million. He has reduced price supports 20 per cent in six years, yet the Commodity Credit Corporation's holdings of surplus food today amount to \$7.2 billion. In 1952 they were \$2.5. That doesn't look like much of a solution.

"Is That The Height Of Our Ambition?"

DREW PEARSON

Grave Problems Ahead For Israel

WASHINGTON — The little state of Israel, now celebrating her tenth birthday, has accomplished miracles but faces grave problems ahead. These problems are not hers alone. They are the problems of the rest of the world — from three points of view.

From a materialistic point of view, the problem of Arabian oil is vital to the West. Upon it depends the industry of France, England and Western Europe.

From the point of view of peace, the Near East is the boiling pot most likely to erupt in war. It has erupted twice since V-E day.

From the humanitarian point of view, we of the Christian world — even the Moslem world — have a moral obligation for the murder of 6,000,000 Jews in Germany. Our minimum obligation is to ensure the Jews peace in the ancient land of their forefathers.

Most people have forgotten that it was during Hitler that anti-Jewish hatred was planted in the Arab world. Looking through the file of my old columns I find that on Aug. 25, 1946, I published the secret testimony of Walter Schellenberg, chief of Hitler's SS foreign espionage, in which he told U.S. examiners how he had been ordered by Himmler in 1942 to pay the grand mufti of Jerusalem to stir up anti-Jewish prejudice. A flat \$250,000 was paid by Hitler, \$150,000 by Mussolini. Schellenberg further testified: "The mission carried along one-half hundredweight in gold coins, twenty thousand in English pounds, and ten thousand in U.S. dollars."

The public has also forgotten

that Hitler's campaign of terror against the Jews started in 1933 and continued while we of the Christian world looked on, blasé and little concerned. We did nothing until other religions and other lands began to feel the imprint of his hate. And for at least a year after the war started, certain American diplomats tried to keep secret the gruesome reports which came into the State Department of Nazi concentration camps, the persecution, the starvation, the eventual transition to gas chambers and soap factories.

These are memories which we of the Christian world have forgotten. Jews can never forget. They constitute a reason why the rest of the world, including the Moslems (also descended from the prophet Abraham), have a deep, unpaid obligation to the Jewish people.

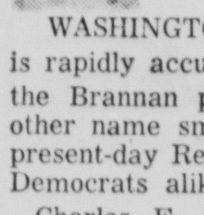

The most complete way to make that restitution is to bring peace in the Near East. The Jews have already made great sacrifice to establish a homeland. What they need now is peace. Furthermore, we of the Christian world have an obligation to bring peace to that part of the world where He whose religious precepts we profess to follow first taught peace on earth, good will to men. We haven't followed it anywhere else in the world. We can begin at least where He taught.

Mediterranean nations could join the United States in building irrigation projects and other public works to help both the Arab states and Israel to realize their interdependence, break down the barriers of prejudice and bring peace.

DORIS FLEESON

Brannan Plan Is With Us Again

WASHINGTON—Evidence is rapidly accumulating that the Brannan plan by any other name smells sweet to present-day Republicans and Democrats alike.

Charles F. Brannan was secretary of agriculture in the Truman administration when he offered a farm subsidy program under which the government would make up the difference between the market price of specified crops and a stabilized price profitable to the producer.

That fine old word "contumely" is a good description of the treatment accorded Brannan and his idea during those feverish days of Republican resurgence and Democratic decline. In the 1952 campaign "Brannan plan" ranked high among the unmentionable but often-mentioned sins of the Truman administration.

A few years later that stern foe of New Deal farm policy, Secretary of Agriculture Ezra Taft Benson, was confronted with the very real problems of the distressed wool growers of the West. Blandly he offered Congress a program under which the government would make up the difference between the market price of wool and a stabilized price profitable to wool growers. Blandly Congress approved it and President Eisenhower signed the bill.

This year another orphan

child of the West—its mineral industry—landed in the lap of Interior Secretary Fred A. Seaton. Seaton's orders were to find a way to help them, not just for their own sake but so that embattled western politicians would not revengefully vote against the reciprocal trade agreements and foreign aid.

Seaton thought long and hard and has now offered Congress a program under which the government would make up the difference between the market price of copper, lead, zinc, tungsten and fluor spar and a stabilized price profitable to the producers. Congress has still to act on it but gave vent to no reminiscent cries of outrage.

These lessons have apparently not been lost on a rather junior member of the Senate, Herman Talmadge of Georgia. Talmadge's civil rights views will never get him the electoral votes of New York, but he is an adroit politician.

He has now proposed to the Congress a plan under which the government would make up the difference between the market price of cotton and a stabilized price profitable to the cotton farmers of Georgia and elsewhere in the nation.

This, of course, opens the door really wide to friends of distressed producers of other crops.

MARQUIS CHILDS

Dulles Feels Diplomatic Victory

COPENHAGEN, Denmark — John Foster Dulles feels at this spring conference of the North Atlantic Treaty Organization Council a new confidence. The specter that has been haunting him for many months has been removed.

That specter was, of course, the likelihood the United States would be forced by the pressure of world opinion to a summit conference with Soviet Russia. Dulles' deepest conviction is that such a conference would result in the relaxation of the West and an almost inevitable fragmentation of the western alliance while the Soviet Union maintained its full military strength behind the Iron Curtain.

Now, for the time being at least, the pressure for a meeting with the Soviets has abated. One reason is the Soviet veto of the American plan for inspection of the Arctic. This came for Dulles at the most opportune time — on the eve of the NATO meeting.

There are other and more complicated reasons for the lessening of pressure, including the fact that the British government means to continue nuclear testing and, therefore, opposes breaking up the disarmament package unless

the American Atomic Energy Act can be amended so that information available to the United States can be given to Britain. London has been told there is little likelihood that Congress will amend the law.

The American delegation here is carefully refraining from even a hint of satisfaction that the heat is temporarily off. The words spoken are all of "regret" for the Soviet veto and of America's "sincerity" in bringing forward the Arctic inspection plan. That plan, which had been put forward and rejected earlier, came in most handy when the Russians charged that SAC bombers flying toward the Arctic with hydrogen bombs were threatening the peace.

In his speech in New Hampshire on the way to Copenhagen, Dulles spelled out more or less explicitly the reasons why the cold war must go on for an indefinite time. That speech, which was widely circulated in Europe, states that the Soviet price for negotiating an end of the cold war is not less than the liquidation of NATO and the capitulation of the West. As he has done so often before, Dulles stressed the need to hold out to the Soviet satellites the continuing hope of freedom.

But this time, against the background of the Soviet veto in the United Nations and what the Americans are confident will be a consistent demonstration of Russia's all-or-nothing intransigence,

the familiar theme had a new and confident resolution. The Dulles speech made plain that the emphasis at this conference will be on inspection of any disarmament proposals.

Sounding a note of hope for possible limited agreements with the Soviets, the secretary of state nevertheless almost seemed to welcome continuation of the cold war when he said:

"We must, however, assume that we face a long period of effort, sacrifice and strain. That will come to an end when the Soviet rulers moderate their imperialist and ideological urges."

In other words, when the Soviet system is transformed, the cold war can be ended.

Concluding, Dulles expressed his "confidence that peaceful victory is attainable and that our efforts can bring the day when the dark shadows which now oppress humanity will give way to an era of light and gladness." This is an ancient Dulles conviction currently infused with renewed hope.

Does it mean that there will be no summit conference in the foreseeable future?

While no one would dream of expressing it publicly, since the public profession is all for continuing efforts to negotiate, the private answer in the American delegation might very well be a tentative yes.

No Barter

Lincoln, Neb. To the editor of The Lincoln Star: In my opinion, the proposed wheel tax as instigated by the wheels is now no more. Presently besieged by the petitions (referendum and initiative) together with the injunction proceedings, it has only infinitesimal chances for survival.

Here in Nebraska when the chips are in and we await the count, it is the people, not the City Council, who are the last and final word. We have prided ourselves on our legal procedures for safeguarding the prerogatives of the people. We expect to continue these safeguards, for ourselves of the present, and for those of the future. We refuse to barter them for such an admittedly worthy cause as the filling of the city's chuck holes.

LEON B. BARTUNEK

Under Protest

Lincoln, Neb. To the editor of The Lincoln Star: Opposition to the wheel tax loaded onto the already overtaxed Lincoln citizens would have been less if the following tax had been adopted:

\$50 per wheel for passenger cars and non-commercial trailers.

\$100 per wheel for commercial vehicles, including pickups up to 1 ton.

\$150 per wheel for commercial vehicles 1 to 4 tons.

\$200 per wheel for commercial vehicles over 4 tons.

A wheel tax is a wheel tax only if it is properly apportioned to each wheel which touches the ground and the corresponding weight supplied to this wheel.

We all want good streets and roads but we also want a fair and equitable solution. I am paying this tax under protest.

M. W. L.

Church And Safety

Lincoln, Neb. To the editor of The Lincoln Star: Lincoln is in tune with the nationwide trend to enlist the aid of churches of all denominations in the crusade against accidents. What institution is more satisfactorily equipped spiritually and in numbers to strike directly at one of the most essential deterrents—the development of the proper attitude on the part of mankind and its interrelationship.

Last January, through the efforts of the Lincoln-Lancaster Safety Council, the citizens' support group in Lincoln, the first introduction of the relationship possible between the church and safety was made. Mr. John Kenna, director, Church Safety Activities Division of the National Safety Council, spoke before members and guests of the safety council. He identified the necessity of making morality the code of the road. Too, he explained the church's potential as an

agency for safety. While here, and at the request of Mayor Martin, Mr. Kenna met with Lincoln ministers for an orientation period that resulted in the appointment of a Mayor's Committee for Church Safety.

The Mayor's Committee, counseling the safety council, urged first that a guide to Lincoln ministers be provided, suggestions on how and what to do. The safety council completed this project some time back. Also, the committee suggested that the mayor in co-operation with the safety council call for a general meeting of representatives of all churches to hear Mr. Kenna of the National Safety Council.

On May 15, at Cotner Terrace, a church safety dinner is scheduled. Ministers of all Lincoln churches have been invited not only to attend themselves but also to bring their Sunday school superintendents and representatives of their women's, men's and youth organizations. The purpose—to hear a more complete identification of the church-safety relationship. Gov. Anderson has sponsored similar encouragement on the state level and through the Nebraska Traffic Safety Foundation has provided a source of guidance for ministers. The governor plans to declare Memorial Day week end as Church Safety Week End in Nebraska as the official start for statewide efforts.

GIFFORD D. MULLINS
Director, Lincoln-Lancaster Safety Council

The Tax Load

Lincoln, Neb. To the editor of The Lincoln Star: There is a school of thought among those who wish to knuckle down under this present perpetual city government. This is that we have elected these men to perform our municipal functions as they see fit and represent us taxpayers. Who has elected whom, and who represents whom? Or is the word "appointed"?

With the attacks on both petitions, they have proven

that they refuse to recognize the will of the people. With taxes doubled in the last 10 years and now a second round of taxation on the already taxed properties, it brings up the necessity of curbing this money-mad group.

Letting some streets get in very poor condition while making elaborate installations elsewhere could be deliberate or just poor management. Our improvements so far have been and still can be done with our already paid nearly \$1 million refund from the state and federal government yearly in the next 11 years. This money hasn't been stamped "For Street Improvement Only."

C. O. BLANCHARD

Editor's Note: Taxes for all governmental subdivisions combined, except federal, have not quite doubled in 10 years. They have increased \$27.32 per \$1,000 of assessed valuation since 1947 to the current total of \$73.66 per \$1,000 valuation. The city, however, has increased only \$3.65 per \$1,000 valuation to its current total of \$14.80 per \$1,000 valuation.

The only "refund" the city gets is a little less than \$400,000 a year from the state gasoline tax and auto registration fees. Part of this is matched with federal funds on major improvements and part is used for improvements on which no federal funds are available, such as South St., No. 48th, etc.

Editor.

An Objection

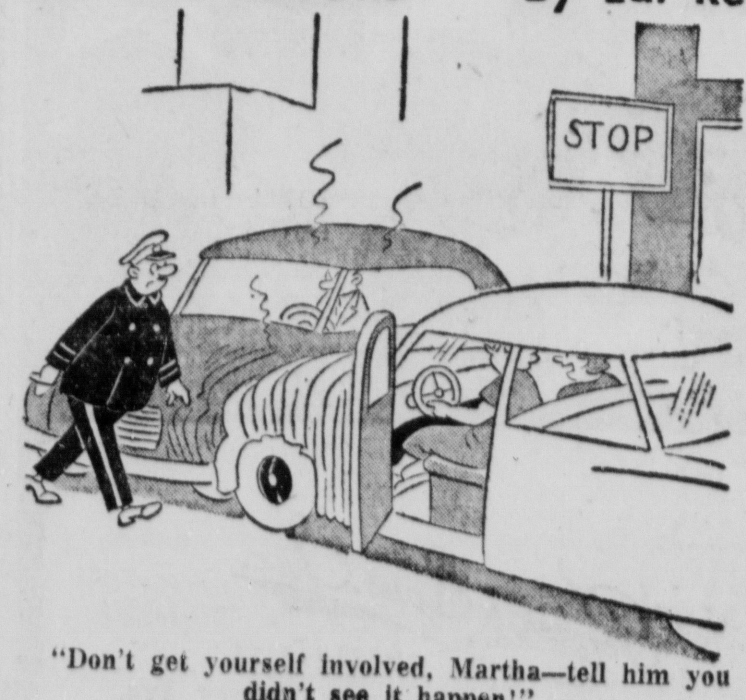

Lincoln, Neb. To the editor of The Lincoln Star: In the May issue of "Natural Food and Farming," the Association of American Physicians and Surgeons disapproves — actually condemns the use of water as a treating vehicle. We have some members of that association in Lincoln. This explains why they object.

'Confidence In U.S.' Drive Backed By Ike

... Ad Council Given Blessing

Washington (AP)—President Eisenhower gave his blessing to a 4-month campaign by the Advertising Council to spread "confidence in a growing America."

The council is pushing this anti-recession effort with 10 million dollars worth of donated space and time, in publications and on the air, and Eisenhower said:

Wilbert

"Here it is . . . 'Father rescues son from gorilla cage at zoo' . . ."

Autopsy: Dead Infant From South?

An autopsy report of the partly-decomposed baby found in a locker at the union bus depot has revealed that the carrying case, which contained the body, may have come to Lincoln from a considerable distance, possibly from the South.

The case contained twigs, the report said, lending to the theory that the child might have been born outdoors.

Also the case contained many flies, which may have originated in the South, as Nebraska does not have many flies this time of year, according to the report's information.

Dale Fahrbruch, deputy county attorney, said the cause of death has not been established or whether the baby was born dead or alive.

He said such determinations if made, must await completion of additional tests.

No Violence Apparent

The child was a full-term male with no evidence of violence being done on the body, according to Fahrbruch.

Authorities have estimated the baby may have been dead a week or more when found, but said no definite conclusions were contained in the report.

City and county authorities are still continuing the search for the owner of the carrying case, evidently designed for a typewriter or other office equipment.

NU Elects 22 To Student Council

Twelve college and 10 organization representatives were elected to the University of Nebraska Student Council in an all-university election. Those elected and the groups which they represent are:

Robert Paine and Rosemary Kuhl, College of Agriculture; Chuck Wilson and Pat Flannigan, College of Arts and Sciences; Jack Muck and Bob Blair, College of Business Administration; David Godbey, John Nielson and George Porter, College of Engineering; Howard Holmquist, College of Pharmacy; Harry Tolly, Charles B. Huston and Kathleen Roach, Teachers College; Marilyn Pickett, Associated Women Students; Marcia Boden, YWCA; Bob Krohn, City Campus Religious Council; Dorothy Glade, Barb Activities Board for Women; Sally Downs, Builders; Mary Vrbas, Coed Counselors; Joanne Loseke, Yassels; Don Binder, Corn Cobs; Larry Romine, Inter-Fraternity Council; and Kay Turner, Panhellenic Council.

"I cannot think of any greater opportunity than to make every American understand that he is not scared, that he can go ahead if he wants to."

Eisenhower also put in a plug for his proposed 5-year extension of the reciprocal trade agreements, saying: "To put on unconscionable tariffs, to establish broad-based import quotas, would be ruinous to America."

The Advertising Council is a private organization which combines the various elements of advertising into campaigns for the public good, such as promotion of teaching as a career and sales of savings bonds.

Eisenhower spoke to 220 members of the council, while these other things happened along the economic front:

1. Tool and die makers holding a Washington convention reported their business is picking up. They called this a sign that mass production manufacturers are growing more optimistic.

Long Overdue

2. President William A. McDonnell of the U.S. Chamber of Commerce told the House Banking Committee that general tax revision is long overdue. He offered this argument:

"There has been much discussion of a tax cut as an anti-recessionary measure. To be sure, a tax cut can help to stimulate recovery. But more important is the need for tax revision to stimulate economic growth which would produce higher real income."

3. Sen. William F. Knowland of California, the Senate Republican leader, said in an interview that the administration is keeping a close check on trends but he does not expect any immediate decision on possible tax reductions.

Knowland gave his report after Sen. Clifford Case (R-NJ) called for a decision by Congress now on whether to cut income and excise taxes.

4. Sen. Lyndon Johnson of Texas, the Senate Democratic leader, said he expects the Senate will act this month on a bill to extend unemployment compensation benefits.

5. Sen. Paul Douglas (D-Ill) proposed a 13½% price cut on cars, to be effected by a reduction in federal excise taxes and manufacturer's prices. Douglas said the United Auto Workers could cooperate by reconsidering some of their union contract demands.

New Grade Of Beef

Ottawa (AP)—Canadian butcher shops are coming out soon with a new grade of beef, lean but comparatively tender, in recognition that some consumers don't like fats even in juicy steak. This meat is to come from young, grass-fed cattle, normally built up with grain before slaughter. Inspectors will rank the meat third, as Canada standard, behind the plumper choice and good.

Legislative OK Required For Outstate NU Branch

... Affects Proposed North Platte Agreement

The University of Nebraska Board of Regents has neither authority to establish a university branch in outstate Nebraska, nor power to enter into a proposed agreement with the North Platte Board of Education for establishing a university branch in that city, according to an attorney general's ruling.

The opinion, requested by Clifford M. Hardin, University of Nebraska chancellor, said authority to establish a university branch anywhere other than in Lincoln has to be granted by the Legislature.

The purpose of a proposed agreement to establish a University of Nebraska branch in North Platte would be to provide a series of college courses offered by and through university personnel.

Same Courses

However, as the courses would be of the same type college level work offered by the university in Lincoln, the

opinion said authority from the Legislature would be needed to enter into the proposed agreement.

The State Supreme Court has held, the opinion continued, that the university's regents board is merely a governmental agency expressly subjected by the state Constitution to the will of the Legislature in working out projects of higher education.

Even though the regents board has control of the university's medical branch in Omaha, the Legislature appropriated the funds for the express purpose of concentrating all state-supported medical college work in Omaha, the opinion said.

Clarence S. Beck, attorney general, and Gerald S. Vitmas, assistant attorney general, signed the opinion.

Commenting on the ruling Dr. A. C. Breckenridge, dean of faculties at the University of Nebraska, said, "The program under discussion concerning North Platte will require some changes... something will have to be worked out."

He said Chancellor Hardin was out of town Tuesday and possibly did not know of the attorney general's opinion.

Dr. K. O. Broady, director of the University Extension Service, declined to comment until he had a chance to discuss the ruling with the chancellor and the Board of Regents. The next meeting of the Board of Regents will be held May 15.

Supt. W. O. Oakes of the North Platte public schools had "no comment" on the attorney general's ruling, when contacted late Tuesday by The Lincoln Star.

HEARINGS SET

The State Liquor Control Commission has set May 13 and May 20 hearings for Theodore Gies, Lewellen, and George Block, Hershey, respectively, both charged with selling beer to minors.

New No. 2 Man

Oslo (AP) — Norway's Parliament elects a new president Thursday to succeed Socialist Oscar Torp, who died last week. Under the Norwegian Constitution the parliamentary president ranks second only to the king. The premier is No. 3.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

It's certainly amazing how baby care ideas have changed in the past 25 years. In the so-called "good-old days," strict routine was often put above reasonableness. Today's modern parents, however, follow their hearts as well as their heads... avoid letting schedules become more important than baby's real need for affection. They have found love often works more miracles than by-the-book rules.

"What is a Baby?" You'll find out in the most delightful way when you get the exclusive Gerber recording called "What is a Baby?"... narrated by Rosemary Clooney, charming TV star and mother of 3. It's an enchanting biography of your baby and all babies, set to delightful music and told with the whimsy all parents will understand. On the other side, Miss Clooney sings 2 favorite lullabies: "Close Your Eyes," and "All the Pretty Little Horses."

"Parking laws." If you park baby in the back yard for a little snooze, make sure his buggy is sheltered from the wind and direct sunlight. Important: Always brake the carriage so it can't roll down a possible incline. Check on the little napper from time to time.

"Stepping stones" to strength. "Proteins for strength, growth and the development of all body structures," say the experts. Gerber Strained Meats are rich in the body-building proteins so vital to your growing baby. Gerber Meats start with selected, succulent Armour cuts. After careful trimming, they're specially processed to remove most of the fat and coarse tissue. Heat and cooking time are controlled to preserve flavor and vitamin value.

Stanton Delaplane's POSTCARD

In my Japanese hotel, we sit on the floor. We sleep on the floor. We eat on the floor. It is the custom. Custom rules life around here.

Sometimes when the maid is not looking, I go over and sit on the foot-high table. It is a great relief.

I think the maid is watching me. "When little boy sit on table, his mama scold him. She say, 'You sit on your father's head.'"

We have other sit-down sayings. If life is hard, we say: "You must sit on stone for three years."

Sometimes when I sit on the floor, I am glad it is not made

of stone. I can barely stand the straw matting for three hours.

We must eat ALL the rice in our dish. Because—"for each grain of rice, farmer make three drops of water from forehead."

But if we want a second helping of rice, we do not eat all. "Must leave little bit of first rice in bottom of rice bowl."

Last night we went to a famous restaurant for actors. They serve exotic food. We tried a bit of the raw snake—it tastes like raw snake, too. "Making old man feel very young."

I do not feel very young. But prefer the way I feel to a diet of raw snake. Possibly I had an old snake.

When I shop, I must not window shop. "Must buy

something. If you no buy, shop man throw salt on floor when you leave. Keep off bad luck."

The maid who brings my tea calls it "o-cha."

But—"Never speak o'cha in o-sushi house or geisha house." (O-sushi is a rice dish. Geisha house is a tea house with geisha girl singers.)

"Must say for tea, agari or uji. In these place, o-cha mean no customers."

House Committee Suspends Action On Trade Extension Bill

Wednesday, May 7, 1958 The Lincoln Star 3

Washington (AP)—The House Ways and Means Committee abruptly suspended consideration of reciprocal trade extension legislation. President Eisenhower's trade program was said to be in serious trouble.

The committee halted further sessions until next Monday. Democrats said they had served notice on the administration that Republican

help would have to be forthcoming if a bill is to be passed.

In breaking off consideration of the trade bill, the committee told Eisenhower spokesmen to be ready to come up with some proposals by Monday to soften opposition in both political parties.

Should the administration be unwilling to compromise, Democratic leaders did not

rule out the alternative of letting trade extension go by default at this session of Congress.

Now In Force

This would not affect trade agreements now in force, but it would halt further trade and tariff concession activities by the government until the law was reinstated.

The 24-year-old Trade Agreements Act expires June 30 unless extended by Congress.

A check of House Democrats was reported to show less than a majority of the 232 Democratic members would support the President's program. Republicans were estimated to be 4 to 1 against it.

Democratic leaders say they fear that without positive help by the President to compromise differences, the bill may be converted from a reciprocal trade bill to a high-tariff measure.

To Go Ahead

In the event no concessions are forthcoming from the President, Democrats intend to go ahead and try to fashion their own legislation.

This would be certain to fall short of Eisenhower's request for a 5-year extension of the trade act and additional authority to lower tariffs 25% over the next 5 years.

Even as the committee broke off its closed-door considerations, strong support was said to be building up within the committee for an amendment to protect domestic oil and mineral industries.

New Officers Named The News Around Town Wins Speech Award

When the members of the Sigma Kappa Mothers Club met at the chapter house on Tuesday afternoon, the important business was the election of new officers. Mrs. Walter Wright was named president, and the new vice-president is Mrs. LaVell Swarts of Eagle. Mrs. Lillian Cunningham was elected to serve as secretary-treasurer.

In the picture are Mrs. Wright (seated); Mrs. Cunningham, standing (at left) and Mrs. Swarts.

MADAM CHAIRMAN

MORNING

Girl Scouts, board of directors, 9:30 o'clock at the First National Bank board rooms.

Camp Fire Girls, zone 1 leaders, 9:15 o'clock at the Northeast Community Church.

LAFB Officers Wives, all-day bridge, 9:30 o'clock at the Officers Club.

Mrs. JayCees bowling league, 9:30 o'clock at Hollywood Bowl.

EVENING

Lincoln Public School Clerical Association, 6:30 o'clock dinner at Cotner Terrace.

La Sertoma, 7:45 o'clock at the home of Mrs. Ralph McGoogan, 3225 So. 30th.

Lincoln YWCA, Live Y'ers Club, 6 o'clock; beginning weaving class, 7 o'clock, at the YW.

Camp Fire Girls, board and committee orientation, 7:45 o'clock at Tifereth Israel Synagogue.

Great Books Series, 1st year group, 7:30 o'clock at South Street Library, Tolstoy, "The Death of Ivan Ilych."

Alpha Phi Alumnae, 7:30 o'clock dessert supper at the chapter house.

Lincoln Duplicate Bridge Club, 7:30 o'clock at the Lincoln Hotel.

Tops Club Officers

Members of the Koolah Tops (Take Off Pounds Sensibly) Club of Havelock held their annual business meeting Tuesday evening, elected and installed new officers, and made a resume of the year's progress.

Waistlines were measured, pounds were recorded (and no one subtracted five pounds from the scale's reading) and pictures were taken as ultimate proof.

The group's new officers include (seated, from the left) Mrs. Fred Nielsen, weight recorder; Mrs. Ray Boleschka, president; and Mrs. A. W. Baker, treasurer; and (standing) Mrs. Newell Robison, photographer; Mrs. Bill Haefner, secretary; Mrs. Chester Weber, vice president; and Mrs. Ray Scholtz, reporter.

The News Around Town Wins Speech Award

—heard much that was interesting this morning — but much of what we heard we can't mention at this particular moment — We know those who are going to Norway — others who are traveling in the opposite direction — the south Pacific — and we heard that for Lt. Col. and Mrs. DeLos Richard, there is to be a transfer to Washington, D.C.

—Norway and the south Pacific must wait for more complete details, but we can tell you about farewell courtesies for Col. and Mrs. Richard.

Complimenting Mrs. Richard at a luncheon last Friday were Mrs. Ralph Bond, Mrs. Elkins Reed and Mrs. Felix Hardison who entertained at the Inter Com Club.

And last Sunday evening Chaplain and Mrs. Vernon Kullowatz were a dinner host and hostess at their home when they entertained a group of guests in farewell courtesy to Col. and Mrs. Richard.

—a moment ago we mentioned the south Pacific — and now we have news of the Philippines.

We are told that Mrs. Hazel Dyer, formerly of Nebraska City, will be leaving Clark Field (near Manila) shortly after May 16, to spend her summer leave in the States.

Mrs. Dyer, who is a member of the American School faculty at Clark Field, spent two years teaching in the American School in Okinawa before going to the Philippines. This is her first trip home in three years.

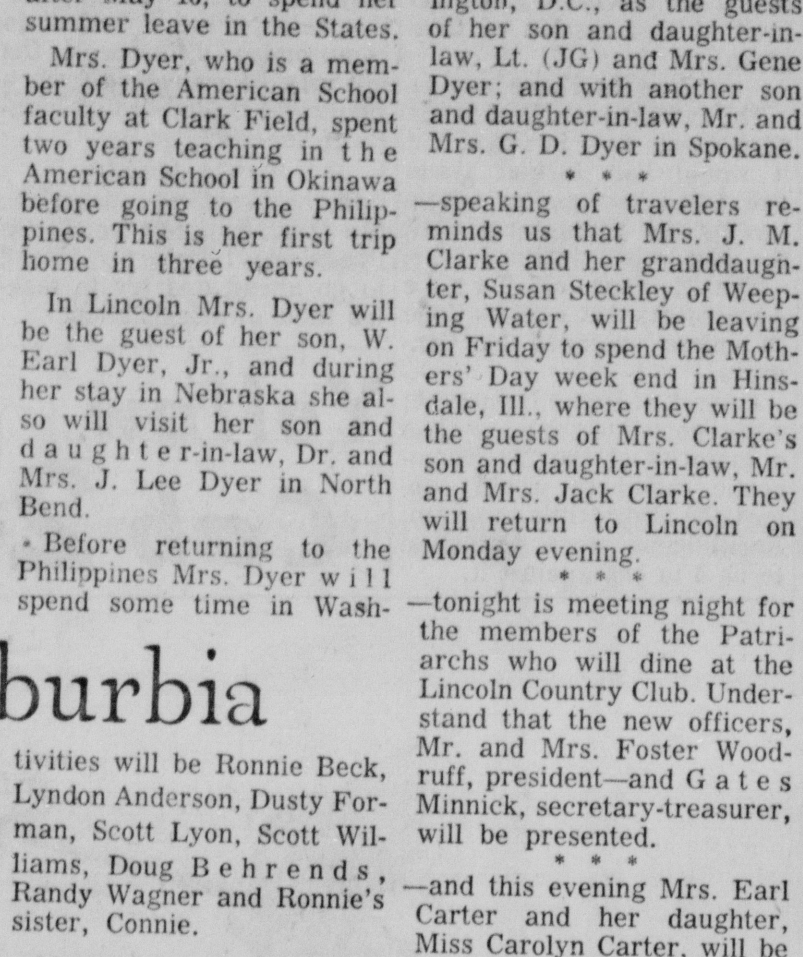

In Lincoln Mrs. Dyer will be the guest of her son, W. Earl Dyer, Jr., and during her stay in Nebraska she also will visit her son and daughter-in-law, Dr. and Mrs. J. Lee Dyer in North Bend.

Before returning to the Philippines Mrs. Dyer will spend some time in Washington, D.C., as the guests of her son and daughter-in-law, Lt. (JG) and Mrs. Gene Dyer; and with another son and daughter-in-law, Mr. and Mrs. G. D. Dyer in Spokane.

—speaking of travelers reminds us that Mrs. J. M. Clarke and her granddaughter, Susan Steckley of Weeping Water, will be leaving on Friday to spend the Mothers' Day week end in Hinsdale, Ill., where they will be the guests of Mrs. Clarke's son and daughter-in-law, Mr. and Mrs. Jack Clarke. They will return to Lincoln on Monday evening.

—tonight is meeting night for the members of the Patriots who will dine at the Lincoln Country Club. Understand that the new officers, Mr. and Mrs. Foster Woodruff, president — and Gates Minnick, secretary-treasurer, will be presented.

—and this evening Mrs. Earl Carter and her daughter, Miss Carolyn Carter, will be hostesses at their home when they pay prenuptial courtesy to Miss Marilyn Shope whose marriage to Keith Peterson will take place on June 14. Eighteen guests have been invited for a dessert supper — and a linen shower for the bride-elect.

Mrs. Paul Ecelbarger, program chairman, presented the plaque to Mrs. Charles Dean (right). Mrs. James Wilkins was toastmistress for the afternoon and speakers included Mrs. Ecelbarger, Mrs. Walter Starck and Mrs. Felix Hardison. Mrs. Rudy Webb was topicmistress, and serving as general evaluator was Mrs. Dean.

Will Head DAR Chapter

Mrs. Paul A. Koontz was hostess Tuesday evening at a buffet supper for the members of St. Leger Cowley Chapter of the Daughters of the American Revolution.

Following the supper, new officers were elected by the chapter and included (seated), Mrs. Manter H. Bock, vice regent; Mrs. Henry M. Cox, regent; Miss Nettie Shively, treasurer; and Miss Zola Gardner, recording secretary; and (standing), Mrs. Paul Koontz, registrar; Mrs. Henry Schlitt, corresponding secretary; Miss Edith Calender, chaplain; and Mrs. Harry M. Smith, historian.

Members of the hostess committee were Mrs. H. G. Schlitt, Mrs. J. E. Arter, Mrs. B. K. Worrell, Dr. Johanna Ogden and Miss Isabel McOmber.

Mrs. Paul Ecelbarger, program chairman, presented the plaque to Mrs. Charles Dean (right). Mrs. James Wilkins was toastmistress for the afternoon and speakers included Mrs. Ecelbarger, Mrs. Walter Starck and Mrs. Felix Hardison. Mrs. Rudy Webb was topicmistress, and serving as general evaluator was Mrs. Dean.

New Board

When the Bethany Mothers Club held its May meeting on Thursday afternoon, the members elected the following new officers: Mrs. Emil Beranek, president; Mrs. Raymond Mathis, vice president; Mrs. Edward Meents, secretary; and Mrs. E. F. Guerry, treasurer.

Hostesses for the afternoon were Mrs. Rollie Haas, Mrs. Max Philson and Mrs. Lowell Mundon.

Reception

The annual spring reception of the University of Nebraska Dames will be held Thursday evening at the University of Nebraska Faculty Club. Members of the Dames, an organization for the wives of university students, and their advisors are invited to attend between the hours of 7:30 o'clock and 9:30 o'clock.

The Star In Suburbia

COUNTRY CLUB MANOR

Exciting news this morning concerning Mr. and Mrs. Hilliard Pivnick and their children, Johnathan, Pamela and Katie. Hear that the Pivnick family will be moving from Lincoln the latter part of June to make their new home in Toronto, Ontario, Canada.

Mr. Pivnick who is an associate professor at the University of Nebraska will be going into industrial research.

A birthday celebrant on Monday was Miss Sarah Srb, daughter of Mr. and Mrs. Hugo Srb, and in honor of her eighth anniversary Sarah entertained friends at her home. Included among Sarah's guests were Jody Beck, Vicki Mattioli, Kathy Day, Lynn Robar, Joanne Vinning, Judy Boyd, Jane Eikleberry, Martha Amos, Gail Jackson, Christy and Courtney Caplan and Katie Ellen Pivnick.

COUNTRY CLUB TERRACE

Last week mention was made of the Vernon Vogt family who will soon be moving to Kansas City, and among the many farewell courtesies to Mr. and Mrs. Vogt was a dinner given by Mr. and Mrs. Robert Gloe and Mr. and Mrs. Robert Hall.

Honoring Mr. and Mrs. Vogt at an informal dinner party recently were Mr. and Mrs. Vernon Walker. Also included among the guests for the evening were Mr. and Mrs. Emmett Taylor and Mr. and Mrs. Rod Dudley.

Another recent courtesy was a no-host party held at the home of Mr. and Mrs. Dale Smith. Thirty guests were on hand for the informal affair.

Understand that Ronnie Strnad, son of Mr. and Mrs. Rudy D. Strnad, will be host to schoolmates and neighborhood friends at a party at his home this afternoon in celebration of his seventh birthday. Joining in the festivities will be Ronnie Beck, Lyndon Anderson, Dusty Forman, Scott Lyon, Scott Williams, Doug Behrends, Randy Wagner and Ronnie's sister, Connie.

Motoring to Kearney the week end of April 26 to attend the Elks bowling tournament were Mr. and Mrs. Vernon Walker. Accompanying the Walkers on the jaunt were Mr. and Mrs. Victor Wendelin and Mr. and Mrs. Lawrence Reger.

PTA Installs Board

New officers of Meadow Lane PTA were formally installed Tuesday evening at the May meeting of the Unit. The program included songs by the sixth graders and was followed by a coffee hour for which mothers of first grade pupils were hostesses.

Executive board members include (seated), Ralph Nelson, president; and (standing), Mrs. Robert L. Taylor, health; Mrs. Robert Hartsock, publicity; Mrs. E. B. Winter, treasurer; Mrs. Robert L. Ogden, vice president; and Mrs. Marvin Peterson, hospitality. Not pictured is Mrs. George Caylor, secretary.

Dear Abby . . .

Perfume Is Intriguing

Abigail Van Buren

DEAR ABBY: There's a woman in our office who thinks she is hot stuff. She dresses much too young for her age, but the worst part of her is that she uses a perfume that gives me a headache. When she passes my desk I can smell her perfume for hours. It's not only me. Others in the office have complained about it. How can we tell her without hurting her feelings?

THE OFFICE GANG
DEAR GANG: Let the co-worker who is on the friendliest terms with the offender be the spokesman; helpful advice of this nature must be handled with the utmost diplomacy, goodness "nose."

DEAR ABBY: I don't want to be a mean mother-in-law, but my problem is that my daughter-in-law lets her kids take her pots, pans and baking utensils outside to play with like they were toys. Then she borrows mine. Instead of asking for them back, I go out and buy myself new ones, but there has to be a limit. I have bought more baking pans, pie tins and flour sifters than you would believe. I know this isn't a matter of life or death but I wish you would tell me how to handle it.

MOTHER-IN-LAW
DEAR M-I-L: Go to the dime store and buy the kids' TOY baking utensils intend-

ed for playing outside. Give them to your daughter-in-law to give to her children. Tell her from now on she must keep her baking utensils for baking only. (And be sure to smile when you say it.)

DEAR ABBY: About that family where the mother is Protestant and the father is Catholic and they expect to raise all the boys Catholic and all the girls Protestant. Our family is split just like theirs. We made the same bargain and believe me, it isn't working out. Our daughters go to Protestant Church and our son goes to Catholic school. They are growing apart from each other because all they do is fight over religion. I love my husband and I love all my children the same, but if I had known what the future held, I would never have made that kind of a bargain.
SORRY NOW

DEAR ABBY: What's all this fuss about split religions in the family? We have three religions in ours and get along fine. I married a widower who is a Mormon but his deceased wife was Catholic so he is raising his two daughters Catholic. I am a Baptist and practice my own religion. We have never had a harsh word in our home about religion. It is a personal opinion, like one's political belief.
TOLERANT

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

We Hear That

Arriving in Lincoln on Tuesday, April 29, were Mrs. Orville J. Coombs and her son, Orville, of Snohomish, Wash. Mrs. Coombs, who plans a three-week visit in Lincoln, is a guest at the home of her great-uncle and aunt, Mr. and Mrs. Walter Jensen, and is also visiting her grandparents, Mr. and Mrs. W. E. Phillips.

Mr. and Mrs. John Stewart Hays of Omaha are the parents of a daughter, Allison Marie, who was born on Friday, April 25, at the Methodist Hospital in Omaha. The baby's grandparents are Mr. and Mrs. Charles E. Hays of Omaha and Mr. and Mrs. A. H. Zehrung of Lincoln. Both Mr. and Mrs. Hays are former students at the University of Nebraska where Mrs. Hays is a Sigma Kappa and Mr. Hays is a member of Delta Upsilon.

Miss Lona Trott, chairman of the national defense committee of the Nebraska Nurses Association, recently returned home after attending a special Army course on "Care of Mass Casualties", at Washington, D. C. As assistant national director of Red Cross Nursing Service, Miss Trott prepared a text book, "Home Nursing", used in Red Cross courses, and also wrote the training course guide for the Red Cross volunteer Nurses Aide program.

DAILY CRYPTOQUOTE

Here's How To Work It

One letter simply stands for another, in this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Pinkston Peps Gold Sox Win

Amarillo (A)—Big Al Pinkston led a 12-hit attack on a pair of Colorado Springs pitchers here as the Amarillo Gold Sox took the first of a three game series, 11-2.

Some 789 chilled fans watched Lefty Dick Bays tame the Sky Sox on nine well spaced hits. Bays walked three and struck out one in going the distance. It was the fourth route going performance by an Amarillo pitcher in the last five games.

Hill (left) and Powell . . . players turned coach.

Ex-NWU Net Stars To Vie-As Coaches

Back in the late 1930's, a Nebraska Wesleyan University undergraduate named Luther Powell was the toast of Nebraska college tennis enthusiasts.

He graduated, and tennis competition at Wesleyan declined for some 15 years.

In the early 1950's, Bill Hill from Hebron became a dominant court figure, carrying Wesleyan back near the pinnacle in this favorite spring sport.

Powell and Hill went their different ways, but neither lost his enthusiasm for tennis. This weekend they will

meet as tennis rivals for the first time—not as participants but as coaches of opposing squads in the First Annual Wesleyan Tennis Invitational.

Dr. Powell, now pastor of a Presbyterian church at Storm Lake, Iowa, coaches the Buena Vista college squad. Hill is the Wesleyan alumni secretary, who doubles in brass as the Plainsman tennis mentor.

Teams from South Dakota State college and Park College in Missouri, will join the Wesleyan and Buena Vista squads here this weekend.

AGGIE AID SAW FOES

(Continued from Page 13)
Myers. "It was one of my assistants, Elmer Smith."

"He was on one of his regular visits in Arkansas, where he used to coach. He saw there was a game on. It was open to the public, so he dropped in to see it.

"I don't see anything unethical about it. Our game was open to the public and the coaches of three schools watched it. I wouldn't care if all the coaches in the conference saw it. We don't have any secrets.

"Maybe if we were playing Arkansas the first or second game next fall it might be different. But we don't."

"I don't see anything to get excited about."

Martinez Ramps
Boston (A)—Clever Vince Martinez tuned up for his welterweight title bout next month by stopping Armand Savoie of Montreal in 48 seconds of the seventh round of a scheduled 10-rounder at Mechanics Building. Martinez weighed 148 3/4, Savoie 144 1/2.

Notre Dame Aired
New York (A)—The ABC radio has signed to broadcast Notre Dame football games next fall, it was announced by the network.

Cardinals Beaten 6th Straight Time

(Continued from Page 13)
games, kept his league-leading average at a sizzling .516 with two hits in four official trips, leaving him just 10 shy of 3,000 for his career.

After the Braves teed off on Lindy McDaniel for six hits and four runs in the opening frame and then mopped up Morrie Martin in the second, they were limited to one hit by four Redbird pitchers until the ninth. Then they fell on Billy Muffett and Phil Clark.

Bob Buhl, meanwhile, gained his fourth victory in five decisions although needing help in the eighth inning from Don McMahon. Gene Conley came on in the ninth.

For Milwaukee, which bunched 12 of its 13 hits in just three innings, Bob Hazle drove in three runs with three singles and Frank Torre three with a single and double. Red Schoendienst doubled in the first inning to extend his consecutive-game hitting streak to 15.

**Cub Rookie Stops
Redlegs On 4 Hits**
Chicago (A)—A 3-run homer by veteran Bobby Thomson and a 4-hit pitching job by rookie Glenn Hobbie provided the front running Chicago Cubs with a 4-0 decision over the Cincinnati Redlegs Tuesday.

Hobbie, a 22-year-old right-hander who had 15-15 for Memphis last season, struck out 7 and walked 4 in short circuiting the Redleg power.

It was the first time Cincinnati has been held to less than 2 runs this season.

Frisco Knocks Bucs Out Of 1st Place

San Francisco (A)—Mike McCormick, the San Francisco Giants' 19-year-old bonus boy, gave up only three infield hits Tuesday night in shutting out Pittsburgh 7-0 and knocking the Pirates out of a tie for the National League lead.

The Giants socked four Pittsburgh pitchers for eight hits, highlighted by Orlando Cepeda's 400-foot homer in the third.

Pittsburgh got its first hit off McCormick in the fifth when Roberto Clemente hit deep into the hole at short and beat the throw to first base. Danny Kravitz hit a blow in the eighth which McCormick couldn't field and Dick Groat beat out an infield hit in the ninth.

The Giants collected five runs in the first, shelling young Bennie Daniels from the mound. Daniels, former Lincoln hurler, was the loser.

**NAL Will Play
In Yankee Stadium**
New York (A)—The Negro American League announced it had leased Yankee Stadium for a pair of doubleheaders on Sundays June 1 and 29 and might play more games there later in the summer when the Yankees are on the road.

Xavier Coach Raps NCAA Restrictions

Cincinnati (A)—Harry (Mick) Connolly, the always outspoken football coach at Xavier University, has charged that severe practice restrictions imposed by the National Collegiate Athletic Association have been responsible for "tricks, gifts and conniving" in recruiting football players.

Connolly, speaking at a luncheon of the Musketeer Club, an Xavier alumni group, urged extensions of spring football practice to six weeks and said:

"I'm getting sick and tired of tricks, gifts and conniving as the way to get football players into school. The days of the pure amateur are gone unless something is done about it."

Connolly, who played his college football at Boston College and became head football coach at Xavier in January 1955, asserted college football has become the whipping boy of NCAA regulations. The NCAA limits spring football practice to 20 sessions in 36 calendar days.

"They've killed off the real reason for spring practice," Connolly declared. "Spring practice is the time for instruction. It would be nonsensical if I'd be forced to teach a student algebra in 20 days. Why do they pick on football?"

"Six weeks would be a reasonable length of time to instruct a player, get him acquainted with the basic fundamentals of the game and the finer points of a coach's system.

"Instead, it's 20 days. And this puts pressure on coach and player alike. It disturbs recruiting programs and puts a big premium on the good player.

"For example—a college coach could see a high school

player and in his mind has the makings of pretty good college material with a lot of instruction. But with only 20 days in the spring to teach the boy, the coach thinks otherwise and goes in pursuit of the boy who can step in and play the game right now. "And, brother, then it starts . . . tricks, gifts and conniving."

Texas Entered

Austin (A)—The University of Texas has accepted an invitation to compete in five events at the Los Angeles Coliseum Relays May 16, Coach Clyde Littlefield said.

Texas will compete in three relays, the 440-yard dash and the mile run with Eddie Southern leading the way for the Long

Bosox Down Chicago 7-5

Take Your Pick—All Nebraska Fish Biting

Good fishing for the species of your choice was reported for Nebraska waters in recent days by the state's conservation officers. County-by-county reports, compiled by the Game Commission, described fishing as rewarding for trout, bluegill, crappie, walleye, catfish, bullheads, black bass, carp, fresh-water drum, sauger, sturgeon, and suckers.

Excellent success was reported on trout in the White River and Big and Little Bordeaux Creeks, on suckers in Grove Lake, north of Royal, and on carp in the Little Nemaha River and Humboldt City Lake. Creels were heavy with fish.

Nebraska's trophy fishermen of recent days include Whitey White, Indianola, two 5-pound walleyes in Medicine Creek Reservoir; Don Sower, McCook, 9½-pound channel catfish in Medicine Creek Reservoir; Adolph C. Divoky, Wilber, 5 1-3-pound walleye in Alexandria State Lake; Charles Brewer and son Leon, Rushville, 20 bass averaging two pounds in Smith Lake; Art Horne, North Platte, 4-pound black bass in sand pit on Platte River.

The "good" fishing by species, as reported by the conservation officers:

Trout: Rock Creek Lake, Canal System in North Platte area, Alexandria Lake, Niobrara River, Fremont State Lake No. 1, Grove Lake.

Black Bass: Verdun Lake, southeast-

ern Nebraska farm ponds and sand pits, Medicine Creek Reservoir, Alexandria Lake, Walleye: Medicine Creek Reservoir, Missouri River.

Sauger: Missouri River. Crappie: Medicine Creek Reservoir, southeastern Nebraska farm ponds and sand pits, Crystal Lake, Whitney Reservoir.

Catfish: Platte River, Elkhorn River, Whitney Reservoir, Missouri River, Little Nemaha River, North Fork of Big Nemaha River.

Bullheads: Little Nemaha River, Big Nemaha River, Humboldt City Lake, southeastern Nebraska farm ponds and sand pits, Pappio Creek, Walgreen Lake, Rose Creek, Turkey Creek, Swanton Lake.

Bluegill: Alexandria Lake, Pibel Lake, Carp: Republican River, Auburn City Lake, Pawnee City Lake, Platte River, Elkhorn River.

Miscellaneous: Platte River (sauger), Crystal Lake (fresh-water drum).

Dupas . . . weakened?

Lightweight Title On Line Tonight

Houston, Tex. (AP) — Joe Brown and Ralph Dupas, a couple of New Orleans boys who wouldn't meet in their home town, will battle here tonight with the world's lightweight championship as the prize.

Brown, a Negro, holds the title and is making his first defense of the year. He says he wishes he could have done it in New Orleans but the Louisiana interracial law prevented it.

Anyway, said the champion as he rested at his secluded camp 20 miles from Houston, he'll win the fight, probably by a knockout and early. In fact, Brown was so confident of victory over Dupas that he was already talking about when he would defend his title against Kenny Lane, the No. 1 contender. Dupas is rated No. 2.

"By the time I get to Lane they'll have it worked out so we can fight in New Orleans," said Brown. "That will be the big money."

Brown said he figures to knock out Dupas "maybe by the fifth or sixth round. But I'm going to try to do it in the first round. I don't want to have to work any more than necessary."

The champion said he thought Dupas would be easier because he has had to take off weight.

Angelo Dundee, Dupas' manager, disputed the contention that his boy had been having trouble making 135 pounds.

"He's 137 pounds now and he'll be down to 135 by the weighin without effort," said Dundee. "He's been fighting welterweights and middleweights and is strong and tough."

The largest gate for a championship or any other fight in Texas apparently is assured. Ticket sales Tuesday indicated a turnout of 11,000 paying \$60,000 in the Sam Houston Coliseum at 8 p.m. (CST) for the nationally televised fight.

Reliever Wall Wins 1st Game

Boston (AP)—The Boston Red Sox erupted for all their runs in the first four innings for a 7-5 victory over the Chicago White Sox Tuesday behind good relief pitching of Murray Wall in biting 49 degree temperature.

Wall, making his seventh relief appearance in the young season, performed like an Eskimo in setting down the White Sox for his first victory.

The veteran righthander, picked up from Dallas of the Texas League last August, didn't appear to mind the brutal weather a bit as he allowed only one run and four hits after taking over for starter Mike Fomiele with one out in the fourth.

The Red Sox moved into sixth place in the American League standings with their fifth triumph in the last six starts, while Chicago was buried deeper in last place. The White Sox have won only four while losing 11.

Boston jumped on southpaw ace Billy Pierce for three runs in the first inning when with two out, Ted Williams walked and Dick Gernert hit his first homer high into the left field screen. Frank Malzone then followed with his second homer, a blast into the same screen.

When Pierce walked Jimmy Piersall, leading off the second, Ray Moore was called from the bullpen. Piersall stole second and came around on Don Buddin's single to center.

Who said lady drivers aren't as good as men?...

Meet Nicky Griffen

driver in the Mobilgas Economy Run!

Nicky Griffen works full time as a switchboard operator in Dearborn, Mich.

Driving a 1958 Continental

—she averaged 17.96

miles per gallon for

1883 rugged miles using

Mobilgas Special

High Energy Gallons!

Informed of her mileage at the end of the 4½ day Run, Nicky shows her delight. The United States Auto Club supervised the Run.

This fair lady's performance in the 1958 Mobilgas Economy Run shoots another big hole in the argument that men are better drivers than women. Driving a Continental in crowded city traffic and along highways, over freezing mountain passes and burning desert roads, she averaged 17.96 miles per gallon —using Mobilgas Special high energy gallons!

On your next trip, why not follow the example of the Economy Run drivers to improve your gas mileage? . . . Keep your car in top shape—drive carefully—use Mobilgas Special. Its high energy means top power—top miles per gallon! Ask for Mobilgas Special high energy gallons at your friendly Mobil dealer's.

Nicky crosses the finish line after completing the 1883-mile Run from Los Angeles to Galveston.

Normal Training Reinstatement Urged

Grand Island, Neb. (AP)—The Nebraska School Improvement Assn. held its annual meeting in Grand Island, electing new officers and adopting 4 key resolutions. The school improvement group called for:

Reinstatement of high school normal training courses with additional teacher preparation to follow;

Reinstatement of a curriculum of basic academic subjects with less stress on "non-

essential special group education;"

Opposition to the new tax base referendum proposal which the group said "could eliminate local financing of our school system and in turn give state control."

The association also resolved "that the primary function of elementary schools basic course of study shall be to give basic fundamental training for higher education, including skill in phonetics, reading, spelling, writing and mathematics."

New officers elected were: Benton F. Marshall, Crawford, president; Clyde Widman, Amelia, vice president;

and these members of the board: Albert Skrabol, Virginia; Max Van Arsdale, Hershey; Newton Moore, Holdrege; Jack Manion, Alliance; and Frank Pierce, Verdigris.

\$375,000 School Issue On Ballot

Shelby, Neb. (AP)—Shelby voters will go to the polls May 13 to decide on a \$375,000 school bond issue. The money would provide for a school with facilities for kindergarten through the 12th grade.

Voters turned down a \$550,000 bond issue in July of 1956 and a \$468,000 issue last October.

There are 66 high school and 123 grade school pupils attending Shelby school. A new Catholic school was built here 2 years ago.

New Jaycee Head

Byford Elwonger of Auburn was elected president of the Nebraska Junior Chamber of Commerce at the group's annual convention.

Farwell Project Backers Seek Appropriation To Start Work

Washington (AP)—The president of the Farwell Irrigation District said Tuesday he hopes an appropriation is made to begin work on the project.

"We're here to try to break the ice," Peter Baduri of Ashton, Neb., told the weekly breakfast meeting of Nebraska's Congressional delegation.

"Our biggest problem is to convince Congress and the administration we have something to develop," Baduri said. The proposed 53,000-acre Farwell project, already authorized by Congress, was knocked out of the appropriation bill last year.

Baduri and other representatives of the district are to appear Wednesday before the House Appropriations Public Works Subcommittee. Others are Anders Nielsen, Dannebrog; Rudy Manasil and Cyril Shaughnessy, both of St. Paul. M. O. Steen, director of Nebraska's Game, Forestation and Parks Commission, told the meeting he was in town to support a proposal to

raise the cost in duck stamps from \$2 to \$3.

Steen also plans to discuss the De Soto-Bertrand Bend wildlife project with members of the Fish and Wildlife Service. Establishing of a game refuge has been approved.

Cutoff Expected Soon

The Nebraskan said he expects the cutoff to be made in the Missouri River at a site on the Iowa-Nebraska line within a year. He said the Army Engineers are awaiting land acquisition to proceed with the cutoff.

Others at the breakfast included: T. A. Filipi, director of the State Division of Sanitation; the Rev. and Mrs. George Krebs, West Point, Neb., and Mrs. Joe Seacrest, Lincoln.

Absent was Rep. Glen Cunningham (R-Neb) who underwent a hemorrhoidectomy at Bethesda Naval Hospital last week. He is expected to be released within a few days.

Folsom Ready To Leave Cabinet

FLEMMING LIKELY TO GET POST

Washington (AP)—The Department of Health, Education and Welfare is to get a new secretary this year—the third in its 5 years of existence.

Folsom Tuesday.

Widespread reports that Arthur S. Flemming, now president of Ohio Wesleyan University, would come back to Washington to succeed Folsom drew neither confirmation nor denial from Hagerty.

"Until I know there is a vacancy, I have no comment," he said.

Folsom, a Georgian who made good in a big way with the Eastman Kodak Co. at Rochester, N.Y., has headed the department since the summer of 1955.

Succeeded Mrs. Hobby

He was recognized as one of the founding fathers of the social security system in the 1930s and Eisenhower chose him to take the Cabinet post after its first holder, Mrs. Oveta Culp Hobby, resigned to go back to Texas.

Folsom was born a Democrat, at McRae, Ga., 64 years ago, but through the years shifted first to being an independent and then a Republican.

Flemming, who will be 53 in June, is a Republican who was born in Kingston, N.Y. He is well known in Washington, having served as a civil service commissioner, and director of defense mobilization.

CAR-TRAIN COLLISION KILLS ONE

... East Of Lincoln

Vernon Parks, 64, of Valentine was injured fatally Tuesday in a car-train collision 11 miles east of Lincoln on Hwy. 34, according to the Lancaster County sheriff's office.

The victim's wife, Lillian, was reported in fair condition at Bryan Memorial Hospital. Involved in the 6:30 a.m. accident was a Missouri Pacific train. Parks died in the Lincoln hospital where both he and his wife were taken.

Funeral services for the 40-year resident of the state will be at Valentine.

Surviving besides his wife are sons, Lynn of Lincoln and Floyd of Compton, Calif., and daughter, Mrs. Zelma Dean of Valentine.

New Road Jobs Total \$10 Million

By Betty Person

Twenty-four road construction projects, estimated at about \$10 million, were announced Tuesday by State Engineer L. N. Ress as those which will receive Nebraska's share of federal funds for a "crash" program designed to counteract the recession.

None of the money will go to cities. The state will receive about \$6.6 million in federal funds which is to be matched with \$3.3 million in state funds.

All projects under the "crash" program must be under contract by Dec. 1, 1958, and completed by Dec. 1, 1959.

"All Types" Ress said the projects chosen for the special funds were selected in keeping with the intent of Congress that such funds should "cover all types of highway construction in many geographic locations, which will afford all classes of labor in many locales an opportunity for employment."

Ress said the average time needed to complete plans for letting in cities in the past has taken from 12 to 18 months.

"To insure against losing any of the funds, it was necessary to allocate the projects throughout the entire state," Ress said.

He pointed out that the \$4 million allocated to cities out of regular funds, has no time limit for completion of contracts.

Cities will be required to match these funds on a 50-50 basis.

In addition to furnishing labor, Ress said the program will advance much of Nebraska's road work 1 year and in some cases as much as 2 years.

The projects earmarked for the "crash" funds were selected from the State Highway Department's current 2-year road construction program, and its expanded 4-year program.

SWARMS OF HUNGRY HOPPERS EXPECTED IN STATE AGAIN

Heavy grasshopper invasions, now sweeping through lush croplands in Arizona, are expected in Nebraska again this year, state agriculture officials and entomologists predict.

The grasshopper hatch has just begun in the state, according to Jerold Bell, USDA entomologist, and the hoppers are expected to merge from dormancy in 2 or 3 weeks.

If winter egg counts prove accurate more than 8.3 million acres of Nebraska cropland and range could be infested, according to Bell. Egg counts indicated 8 grasshoppers per square yard.

Bell said grasshoppers may hatch earlier this year, due to early warm-weather periods. He said, however, that farmers who plow deep will be less subject to hopper infestation.

Cyril Bish, Lancaster County extension agent, said that no reports of grasshopper

Lincoln Couple, 3 Children, Good Following Crash

A Lincoln couple and their children were all reported in good condition at a local hospital after their car crashed into a parked truck 13 miles east of Lincoln on Hwy. 34.

The Nebraska Safety Patrol said Ivan Ashelman, 40, of 4716 Hillside, suffered a broken hip and his wife, Connie, 37, received chest and back injuries.

The children, Scott, 7; Susan Kay, 3, and Patty Ann, 5, suffered minor injuries and were hospitalized, Patrol officials said.

They said Ashelman's auto crashed into a truck which was parked in the same direction as the auto was traveling. The truck driver was identified as Kenneth Day of Shelton.

Husbands! Wives! Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted just because body lacks iron. For new younger feeling after 40, try Ostrex Tonic Tablets. Contain iron for pep; therapeutic dose Vitamin B1, to increase vigor, vitality. 8-day "get-acquainted" size costs little. Or get Economy size and save \$1.67. At all drug stores.

City Jaycees Get National Economy Contest Honors

The Lincoln Junior Chamber of Commerce has been awarded national honors in its division of the Speak Up For Government Economy contest.

Norman Krivosha, local contest winner, will represent Lincoln at a 3-day, May 19-21, meeting in Washington.

The purpose of the contest was to solicit the largest number of signed pledge cards, whereby citizens have pledged themselves to write their congressman in support of the Hoover Commission Reports.

Krivosha and the other winners are scheduled to visit with congressmen and senators, attend a White House conference, meet with various governmental agencies and participate in a workshop-report session.

The contest was sponsored by the United States Junior Chamber of Commerce and the Citizens Committee for the Hoover Report.

Dr. Elliott To Head Health Budget Unit

Dr. C. K. Elliott was appointed Tuesday night to head the budget committee of the Lincoln-Lancaster County Board of Health. J. Bernard Dresselhaus and Dr. F. G. Laymon are the 2 other committee members.

Dr. George Underwood, city-county health director, will work with the committee.

In other business at the monthly board meeting expenditures for April of \$16,019.19 were approved. Included in that figure is an item of \$2,937.48 for drugs.

Milk inspection fees and other fees collected in April totaled \$2,886.53.

Meets To Plan Drive

The Belmont Community Center Board met Monday to plan the organization's membership drive for 1958.

Addressing the group at the meeting were Walter Stevenson a representative of the Youth Employment Service and Arnold Boettcher of the Community Chest budget committee.

Urges Statehood For Alaska And Hawaii

Washington (INS) — President Eisenhower urged Republican legislative leaders Tuesday to press for enactment of Alaska and Hawaii statehood bills this year.

However, speaker Sam Rayburn said the chief executives' attitude was disclosed to news- men by Senate GOP Leader William F. Knowland (Calif) after the weekly White House legislative conference.

Knowland said he would seek a pledge from the Senate Democratic leadership that an Hawaiian statehood measure would be brought up for action should the Alaskan bill be approved.

Senate Majority Leader Lyndon Johnson (D-Tex) has made it clear that he wants the House to act on the Alaska issue first. So far, action there has been blocked by Rules Committee Chairman Howard Smith (D-Va.), a stubborn foe of statehood for the territories.

Johnson (D-Tex) has let it be known that he wants the house to have a chance to vote, and if there is no Rules Committee

clearance in the meantime, the Alaska measure will be taken to the floor as a "privileged item" May 14.

Knowland pointed out that statehood for both territories has been advocated by both the Republican and Democratic parties.

Alaska is regarded as leaning to the Democrats politically while Hawaii is counted as being in the GOP fold.

NU Cosmopolitan Club Sets Theme

An African jungle theme will be carried out at the University of Nebraska Cosmopolitan Club dance and floor show to be held Saturday from 8:30 p.m. to midnight at the Student Union.

Floor show performances will include piano music by Rosemarie Schenemann of Germany, mandolin music by Gulden Yalvae, 12-year-old daughter of Turkish students, guitar-zither duo Hans Steffen and Alfred Hermann of Germany, a Calypso band and Latvian dances.

Keys Awarded 5 Band Members

Five members of the University of Nebraska Band received keys for outstanding musicianship and service to the band at the group's annual awards banquet Tuesday evening. They are:

Lois Watson of Pierce, Allen Ziegelbein of Polk, Frank Shaughnessy of Bertrand, and Duane Booth of O'Neill, all seniors in Teachers College; and Stan Rudeen of Ceresco, a senior in the College of Engineering and Architecture.

Professor Donald Lentz also presented a special award to John McElhane of Lincoln, a senior in the College of Law, who has been a member of the band since 1949.

Newly-elected officers of Gamma Lambda, honorary band fraternity, are: Jack Nye, president; Roger Schindler of Lincoln, vice president; Richard Davis of Rushville, secretary; and Terry Hayes of Seward, treasurer.

Band officers for the coming year are: George Easley of Tekamah, president; Terry Hayes of Seward, vice president; Bill Brannen of York, publicity; Norval Nicolls of Fullerton, properties; and Ruth Adams of Aurora, ladies sponsor.

Summit Talks—

DULLES BACKED

... By Small Nations

Copenhagen (AP)—The NATO foreign ministers established a solid front Tuesday on summit talks by agreeing that Secretary of State Dulles was right all along in his cautious approach.

A diplomatic source said Russia's recent maneuvers "have opened the eyes of many Europeans." He reported a marked change in Western thinking since the North Atlantic Council meeting in Paris last December.

Now, the informant said, not one of America's allies believes it wise to rush to top-level meetings with the Russians.

All agreed during 2 days of consultations here that a summit meeting must be adequately prepared and must show in advance some prospect of East-West agreement on a basic point of world tension.

That is what Dulles has insisted on from the start.

American Mother Of '58 From Dixie

New York (AP)—A little South Carolina woman who raised 8 children was named Tuesday as "American Mother of 1958."

Mrs. May Roper Coker of Hartsville accepted the designation and an armful of red roses, but protested tearfully:

"I never thought that you should be rewarded for the greatest privilege of life."

Mrs. Daniel A. Poling, president of the American Mothers' Committee, Inc., announced the selection of Mrs. Coker at the opening of the annual Mothers' Conference here.

Mrs. Coker, 68, will be honored along with mothers from each state at the committee annual awards luncheon Friday.

Mrs. Coker will lead a delegation of mothers to the world's fair in Brussel next week.

—Jobless Pay—

Action In Senate Is Expected

... This Month

Washington (AP)—Senate Democratic Leader Lyndon B. Johnson of Texas said Tuesday he expects Senate action this month on a bill to extend unemployment compensation benefits.

Johnson told an informal news conference that despite previous reports that he is ready to support a bill approved by President Eisenhower and passed by the House, he has made no decision on the measure.

"I have not taken any position on any of the proposals in this field," he said.

Sen. William F. Knowland of California, the Senate Republican leader, said after a White House conference that the House bill, which would make available loans to states to extend the period of jobless benefits to those who exhaust their rights before April 1, 1959, is "entirely satisfactory to the administration."

Knowland noted that the House bill varies from Eisenhower's proposals in that it makes it optional on the states to accept such loans, whereas the President has suggested the extension program be made mandatory.

GOP IS SPLIT

... On Labor Bill

Washington (AP)—Republican senators split Tuesday over what to put into a labor bill scheduled for a floor fight next month.

While some spoke out for a non-controversial measure, Sen. Barry Goldwater (R-Ariz) said he wouldn't go along "with the idea of putting out what you might call a sweetheart type of bill just so we can get in bed with labor and not make anybody mad."

Goldwater said he'd rather have no bill at all this session than a half-hearted attempt to cope with corruption and other labor union abuses exposed by the Senate Rackets Committee.

Sen. H. Alexander Smith (R-N.J.) urged the Senate Labor subcommittee, which will draft the legislation, to limit the bill to President Eisenhower's 1958 labor recommendations plus some measures to control racketeering and improve Democratic processes in unions.

Sen. Irving M. Ives (R-N.Y.), senior GOP member of the subcommittee, commented that there are indications the House is not going to be particularly interested in passing labor legislation this year.

Record High Kindergarten Roll Forecast

Kindergarten enrollment in Lincoln's public school may jump to an "all-time high" next fall, according to Edwin Wahl, co-ordinator of research for the school system.

He said an expected increase is predicted which would raise present enrollment of 2,359 to an estimated fall enrollment of about 2,450.

In accordance with kindergarten registration day, Wednesday, parents are advised to register their boys or girls who will be 5 by Oct. 1, at the nearest elementary school.

An increase in grade and high school enrollment is also expected, according to Wahl, although official estimates have not been made. Public school enrollment has been on a terrific upswing since 1952.

In 1952, public school enrollment, including grades kindergarten through K-12, came to 14,717. The 1957 enrollment showed an increase of almost 50%—21,554.

Wahl said that a 7.68% average annual increase over the 6-year period resulted in the greatly increased enrollment.

Lincoln Air Force Base children entering kindergarten are urged to register at Belmont School, unless they have brothers or sisters in other elementary schools.

English Granted Answer Delay

George Turner, clerk of the State Supreme Court, said the high court has granted District Judge James T. English of Omaha until June 16 to answer contempt of court charges.

Judge English, through his attorneys, requested 6 more weeks in which to reply to a charge he violated Canon 35, which prohibits taking pictures or using sound recording equipment in courtroom procedures.

Clarence S. Beck, attorney general, charged Judge English with permitting both during the murder trial of George Daniel Jones Jr.

Complete destruction

Those who were not out of

Deputy State Civil Defense Director Austin Bacon, in charge of operations from their headquarters at the "destroyed" Statehouse, said simulated attacks with 11 megaton bombs were made against Hastings, Sidney, and South Sioux City, as well as Lincoln, and that a 5 megaton bomb was dropped in Omaha.
